

ACT ADIȚIONAL PRIVIND PRELUCRAREA DATELOR CLIENTULUI

Prezentul Act adițional privind prelucrarea datelor („DPA”) și Anexele acestuia se aplică atunci când HP prelucreează Datele cu caracter personal ale Clientului pentru a furniza Serviciile convenite în contractul (contractele) aplicabil(e) între HP și Client („Contractul de servicii”). Termenii cu majuscule care nu sunt definiți în mod expres în prezentul document vor avea înțelesul prevăzut în Contractul de servicii. În cazul unui conflict între clauzele Contractului de servicii referitoare la prelucrarea Datelor cu caracter personal și prezentul DPA, DPA va prevala.

1 DEFINIȚII

- 1.1 „CCPA” înseamnă California Consumer Privacy Act (Legea statului California privind protecția vieții private a consumatorilor) din 2018, astfel cum a fost modificat de California Privacy Rights Act (Legea statului California privind drepturile la viața privată, „CPRA”), Codul Civil al statului California, art. 1798.100 și urm., precum și orice regulamente conexe, fiecare astfel cum a fost modificat și completat periodic;
- 1.2 „Client” înseamnă clientul care este utilizatorul final al Serviciilor HP;
- 1.3 „Date cu caracter personal ale Clientului” înseamnă Datele cu caracter personal în legătură cu care Clientul are calitatea de Operator de date și care sunt prelucrate de HP, în calitate de Persoană împuternicită de operator, sau de Subcontractanții săi, în cursul furnizării Serviciilor;
- 1.4 „Operator de date” înseamnă persoana fizică sau juridică, autoritatea publică, agenția sau orice alt organism care, singur sau împreună cu alții, stabilește scopurile și mijloacele de prelucrare a Datelor cu caracter personal și include o „activitate comercială”, astfel cum este definită în CCPA;
- 1.5 „Persoană împuternicită de operator” înseamnă orice persoană fizică sau juridică, autoritate publică, agenție sau orice alt organism care prelucreează Date cu caracter personal în numele unui Operator de date sau potrivit instrucțiunilor primite de la altă Persoană împuternicită care acționează în numele unui Operator de date;
- 1.6 „Legislația privind protecția datelor cu caracter personal” înseamnă toate legile și reglementările aplicabile, actuale și viitoare, referitoare la prelucrarea, securitatea, protecția și păstrarea Datelor cu caracter personal și la protecția vieții private, care pot exista în jurisdicțiile relevante, incluzând, dar fără a se limita la, CCPA, GDPR, PIPL și orice reglementări și standarde naționale aplicabile care protejează informațiile personale ale indivizilor în Republica Populară Chineză, Regulamentul general privind protecția datelor din Regatul Unit, Legea privind protecția datelor 2018 din Regatul Unit, Directiva 2002/58/CE privind prelucrarea datelor cu caracter personal și protecția vieții private în sectorul comunicațiilor electronice, orice legi sau reglementări naționale de punere în aplicare a directivelor menționate mai sus și orice legi privind protecția datelor din Norvegia, Islanda, Liechtenstein și Elveția, precum și orice modificare sau înlocuire a acestor legi și reglementări;
- 1.7 „Persoană vizată” are înțelesul atribuit termenului „persoană vizată” în conformitate cu Legislația aplicabilă privind protecția datelor cu caracter personal, cel puțin, oricare dintre și toate persoanele fizice identificate sau identificabile la care se referă Datele cu caracter personal;
- 1.8 „UE” înseamnă Uniunea Europeană și țările care sunt membre ale acestei uniuni, în mod colectiv;
- 1.9 „Țară europeană” înseamnă un stat membru al UE, Norvegia, Islanda, Liechtenstein și Elveția;

- 1.10 „Garanții adecvate între Europa și SUA” înseamnă orice mecanism privind garanțiile adecvate în materia protecției datelor cu caracter personal implementate în conformitate cu Legislația aplicabilă privind protecția datelor cu caracter personal pentru transferul de Date cu caracter personal dintr-o Țară europeană către SUA;
- 1.11 „Clauze contractuale standard UE” înseamnă clauzele contractuale standard ale UE aplicabile transferului de Date cu caracter personal de la Operatorii de date către Persoanele împuternicite de operatori, și de la Persoane împuternicite de operatorii de date către alte Persoane împuternicite, prevăzute în Decizia de punere în aplicare (UE) 2021/914 a Comisiei din 4 iunie 2021 sau într-un act normativ succesor al acesteia cu orice modificări necesare pentru Elveția;
- 1.12 „GDPR” înseamnă Regulamentul general privind protecția datelor (UE) 2016/679 privind protecția persoanelor fizice în ceea ce privește prelucrarea datelor cu caracter personal și privind libera circulație a acestor date;
- 1.13 „Grupul HP” înseamnă HP Inc. (1501 Page Mill Road, Palo Alto, CA 94304) și toate filialele sale deținute și controlate majoritar, indiferent de jurisdicția în care s-au constituit sau în care funcționează;
- 1.14 „Date cu caracter personal” înseamnă orice informații privind o persoană fizică identificată sau identificabilă sau astfel cum sunt definite în alt mod de Legislația aplicabilă privind protecția datelor cu caracter personal. O persoană fizică identificabilă este o persoană care poate fi identificată, direct sau indirect, în special prin referire la un element de identificare, cum ar fi un nume, un număr de identificare, date de localizare, un identificator online, sau la unul sau mai multe elemente specifice, proprii identității sale fizice, fiziologice, genetice, psihice, economice, culturale sau sociale;
- 1.15 „Incident privind protecția Datelor cu caracter personal” are înțelesul atribuit de Legislația aplicabilă privind protecția datelor cu caracter personal termenilor „incident de securitate”, „încălcare a securității” sau „încălcare a securității datelor cu caracter personal”, dar va include orice situație în care HP ia cunoștință de faptul că Datele cu caracter personal ale Clientului au fost sau este probabil să fi fost accesate, dezvăluite, modificate, pierdute, distruse sau utilizate de persoane neautorizate, într-un mod neautorizat;
- 1.16 „PIPL” înseamnă Legea privind protecția informațiilor personale din Republica Populară Chineză;
- 1.17 „prelucrează”, „prelucrare” sau „prelucrat(e)” se referă la orice operațiune sau set de operațiuni efectuate asupra Datelor cu caracter personal, cu sau fără utilizarea de mijloace automatizate, inclusiv, dar fără a se limita la, accesarea, colectarea, înregistrarea, organizarea, structurarea, păstrarea, stocarea, adaptarea sau modificarea, recuperarea, consultarea, utilizarea, divulgarea prin transmitere, diseminarea sau punerea la dispoziție în orice alt mod, alinierea, combinarea, blocarea, restricționarea, ștergerea și distrugerea Datelor cu caracter personal și orice definiții echivalente din Legislația aplicabilă privind protecția datelor cu caracter personal, în măsura în care astfel de definiții sunt mai largi decât prezenta definiție;
- 1.18 „Reguli corporatiste obligatorii aplicabile Persoanelor împuternicite de operator” înseamnă regulile corporatiste obligatorii pentru Persoana împuternicită de operator, aprobate de anumite Autorități de supraveghere privind prelucrarea și protecția datelor din UE;
- 1.19 „Țară relevantă” înseamnă toate țările, cu excepția Țărilor europene și a altor țări cu privire la care există o decizie de constatare a caracterului adecvat în temeiul articolului 45 din GDPR sau al unei prevederi echivalente din legislația Elveției sau a Regatului Unit, și include SUA, atât timp cât orice astfel de decizie de constatare a caracterului adecvat este limitată la impunerea utilizării unor Garanții adecvate între Europa și SUA;

- 1.20 „A vinde” și „Vânzare/vânzări” au înțelesul prevăzut în CCPA;
- 1.21 „A partaja” are înțelesul prevăzut în CCPA;
- 1.22 „Servicii” înseamnă serviciile, inclusiv produsele și asistența, furnizate de HP în temeiul Contractului de servicii;
- 1.23 „Contract de servicii” înseamnă contractul încheiat între HP și Client, având ca obiect achiziționarea de Servicii de la HP; și
- 1.24 „Subcontractant (al Persoanei împuternicite de operator)” înseamnă orice persoană fizică sau juridică, autoritate publică, agenție sau orice alt organism care prelucrează Date cu caracter personal în numele unei Persoane împuternicite de operator, care acționează în numele unui Operator de date;

2 DOMENIU DE APLICARE ȘI CONFORMITATEA CU LEGISLAȚIA

- 2.1 Prezentul DPA se aplică prelucrării Datelor cu caracter personal ale Clientului de către HP în legătură cu furnizarea Serviciilor de către HP și atunci când HP acționează în calitate de Persoană împuternicită de operator în numele Clientului, care are calitatea de Operator de date. Toate Părțile respectă Legislația aplicabilă privind protecția datelor cu caracter personal. Nicio dispoziție din prezenta Secțiune 2.1 nu va modifica nicio restricție aplicabilă drepturilor oricăreia dintre Părți de a utiliza sau de a prelucra în alt mod Datele cu caracter personal în temeiul Contractului dintre Părți.
- 2.2 Categoriile de Persoane vizate, tipurile de Date cu caracter personal ale Clientului prelucrate și scopurile prelucrării sunt stabilite în Anexa 1 la prezentul DPA. HP va prelucra Datele cu caracter personal ale Clientului pe durata Contractului de servicii (sau un timp mai îndelungat, în măsura impusă de legislația aplicabilă).
- 2.3 Atunci când utilizează Serviciile HP, Clientul va fi singurul răspunzător pentru respectarea Legislației aplicabile privind protecția datelor cu caracter personal în ceea ce privește acuratețea, calitatea și legalitatea Datelor cu caracter personal ale Clientului care urmează să fie prelucrate de HP în legătură cu Serviciile. Clientul se va asigura, de asemenea, că instrucțiunile pe care le furnizează către HP în legătură cu prelucrarea Datelor cu caracter personal ale Clientului vor respecta Legislația aplicabilă privind protecția datelor cu caracter personal și nu vor avea ca efect încălcarea de către HP a obligațiilor care îi revin în conformitate cu Legislația aplicabilă privind protecția datelor cu caracter personal.
- 2.4 În cazul în care Clientul utilizează Serviciile pentru a prelucra orice categorii de Date cu caracter personal care nu sunt prevăzute în mod expres în prezentul DPA, Clientul acționează pe propriul risc, iar HP nu va răspunde pentru nicio nerespectare a legislației în legătură cu o astfel de utilizare.
- 2.5 În cazul în care HP dezvăluie Clientului orice Date cu caracter personal ale angajaților HP sau un angajat al HP furnizează direct Clientului Date cu caracter personal pe care Clientul le prelucrează pentru a gestiona modul în care utilizează Serviciile, Clientul va prelucra Datele cu caracter personal respective în conformitate cu politicile sale de confidențialitate și cu Legislația aplicabilă privind protecția datelor cu caracter personal. Astfel de dezvăluiri vor fi făcute de HP numai dacă sunt legale, în scopul gestionării contractelor, al gestionării serviciilor sau al verificării rezonabile a antecedentelor Clientului sau în scopuri de securitate.

3 OBLIGAȚIILE PERSOANEI ÎMPUTERNICITE DE OPERATOR

- 3.1 Fără a aduce atingere oricăror prevederi contrare din Contractul de servicii, în legătură cu Datele cu caracter personal ale Clientului, HP are obligația:
- 3.1.1 să prelucrez Datele cu caracter personal ale Clientului numai în conformitate cu instrucțiunile documentate ale Clientului (care pot avea un caracter specific sau general, astfel cum se prevede în Contractul de servicii sau astfel cum s-a convenit în alt mod între Părți). Fără a limita caracterul general al celor de mai sus, în măsura în care dispozițiile CCPA sunt aplicabile Datelor cu caracter personal ale Clientului, HP, într-o manieră care nu este în conformitate cu CCPA, nu va: Vinde sau Partaja Datele cu caracter personal ale Clientului; păstra, utiliza sau divulga Datele cu caracter personal ale Clientului în alt scop decât scopurile de afaceri specifice furnizării Serviciilor sau în scopul îndeplinirii obligațiilor conform Contractului, aceste scopuri fiind în contextul relației de afaceri directe între părți; sau nu va combina Datele cu caracter personal ale Clientului cu Date cu caracter personal din orice altă sursă. În măsura în care CPPA se aplică Datelor cu caracter personal ale Clientului, HP va notifica Clientul în cazul în care nu își poate îndeplini obligațiile în temeiul CCPA în ceea ce privește Datele cu caracter personal ale Clientului. Fără a aduce atingere celor de mai sus, HP poate prelucra Datele cu caracter personal ale Clientului cu respectarea legislației aplicabile. În această situație, HP va lua măsuri rezonabile pentru a informa Clientul cu privire la o astfel de cerință înainte ca HP să prelucrez datele, cu excepția cazului în care legea interzice acest lucru;
 - 3.1.2 să se asigure că numai personalul autorizat, care a fost instruit corespunzător în ceea ce privește protecția și tratarea Datelor cu caracter personal și are obligația să respecte confidențialitatea Datelor cu caracter personal ale Clientului, va avea acces la acestea;
 - 3.1.3 să pună în aplicare măsuri tehnice și organizatorice adecvate pentru a asigura protecția împotriva distrugerii, pierderii sau modificării neautorizate sau ilegale și divulgării sau accesării neautorizate a Datelor cu caracter personal ale Clientului. Aceste măsuri vor fi adecvate luând în considerare prejudiciul care ar putea rezulta din orice prelucrare neautorizată sau ilegală, pierdere accidentală, distrugere, deteriorare sau furt al Datelor cu caracter personal ale Clientului, precum și luând în considerare natura Datelor cu caracter personal ale Clientului care urmează să fie protejate;
 - 3.1.4 fără întârzieri nejustificate și în măsura permisă de lege, să notifice Clientul cu privire la orice solicitări din partea Persoanelor vizate care doresc să își exercite drepturile în temeiul Legilor aplicabile privind protecția datelor și confidențialitatea și, la cererea scrisă a Clientului și pe cheltuiala acestuia, ținând seama de natura prelucrării, să asiste Clientul prin implementarea măsurilor tehnice și organizatorice adecvate, în măsura în care acest lucru este posibil, pentru a ajuta Clientul să își îndeplinească obligația de a răspunde la astfel de solicitări;
 - 3.1.5 la cererea scrisă a Clientului și pe cheltuiala acestuia, luând în considerare natura prelucrării și informațiile de care dispune HP, să asiste Clientul în îndeplinirea obligațiilor care îi revin în temeiul articolelor 32-36 din GDPR sau al prevederilor echivalente din Legislația aplicabilă privind protecția datelor cu caracter personal, să asiste Clientul să-și îndeplinească obligațiile ce îi revin în temeiul PIPL; precum și obligațiile în temeiul CPRA;
 - 3.1.6 la cererea scrisă a Clientului, să șteargă sau să returneze Clientului orice Date cu caracter personal ale Clientului după încheierea furnizării Serviciilor, cu excepția cazului în care legea aplicabilă impune stocarea Datelor cu caracter personal ale Clientului și la alegerea HP între ștergerea sau returnarea Datelor cu caracter personal ale Clientului.

4 SUBCONTRACTAREA PRELUCRĂRII

- 4.1 Clientul autorizează HP să transfere Date cu caracter personal ale Clientului sau să ofere acces la Date cu caracter personal ale Clientului membrilor Grupului HP și terților, în calitate de Subcontractanți (și să permită Subcontractanților să facă acest lucru în conformitate cu Clauza 4.1), în scopul furnizării Serviciilor sau în alte scopuri identificate în secțiunea „Activități de prelucrare” din Anexa 1. HP rămâne răspunzătoare pentru respectarea de către Subcontractantul său a obligațiilor prevăzute în prezentul DPA. HP se va asigura că orice Subcontractanți cărora HP le transferă Date cu caracter personal ale Clientului încheie acorduri scrise cu HP prin care se impune Subcontractanților să respecte condiții care să asigure un nivel

de protecție ce nu va fi inferior celui prevăzut prin prezentul DPA. HP va pune la dispoziția Clientului lista curentă a Subcontractanților pentru Serviciile care fac obiectul Contractului de servicii.

- 4.2 HP poate numi în orice moment și fără justificare un nou Subcontractant, cu condiția ca Clientul să fie notificat cu zece (10) zile în avans și Clientul să nu se opună în mod legitim unor astfel de modificări în acest interval de timp. Obiecțiile legitime trebuie să conțină motive rezonabile și documentate legate de nerespectarea de către un Subcontractant a Legilor aplicabile privind protecția datelor și confidențialitatea. Dacă, în opinia rezonabilă a HP, astfel de obiecții sunt legitime, HP se va abține de la utilizarea Subcontractantului respectiv în contextul prelucrării Datelor cu caracter personal ale Clientului. În astfel de cazuri, HP va depune eforturi rezonabile (i) pentru a pune la dispoziția Clientului o modificare a Serviciilor HP sau (ii) pentru a recomanda o modificare a configurației Serviciilor sau a utilizării Serviciilor de către Client pentru a evita prelucrarea Datelor cu caracter personal ale Clientului de către Subcontractantul cu privire la care s-au formulat obiecții. Dacă HP nu poate pune la dispoziție o astfel de modificare într-un termen rezonabil, care nu va depăși nouăzeci (90) de zile, Clientul poate, notificând HP în scris, să rezilieze Serviciul care nu poate fi furnizat de HP fără utilizarea Subcontractantului cu privire la care s-au formulat obiecții, notificând HP în scris în acest sens. Acolo unde se aplică PIPL, HP va solicita autorizarea prealabilă a Clientului pentru a numi un nou Subcontractant. Clientul trebuie să răspundă solicitării HP în termen de zece (10) zile. În cazul în care Clientul se opune modificării, HP se va abține de la utilizarea respectivului Subcontractant în contextul prelucrării Datelor cu caracter personal ale Clientului. În astfel de cazuri, HP va depune eforturi rezonabile pentru (i) a pune la dispoziția Clientului o modificare a Serviciilor HP sau (ii) pentru a recomanda o modificare a configurației Clientului sau a utilizării Serviciilor de către Client, în scopul de a evita ca Datele cu caracter personal ale Clientului să fie prelucrate de către Subcontractantul referitor la care au existat obiecții. Dacă HP nu poate pune la dispoziție o astfel de modificare într-o perioadă rezonabilă de timp, care nu va depăși nouăzeci (90) de zile, Clientul poate, trimițând o notificare scrisă către HP, să dispună încetarea Serviciului care nu poate fi furnizat de HP fără utilizarea Subcontractantului referitor la care au existat obiecții.

5 INCIDENTE PRIVIND DATELE CU CARACTER PERSONAL

- 5.1 HP va notifica Clientul, fără întârzieri nejustificate, în cazul în care HP ia cunoștință de orice Incident privind Datele cu caracter personal în care sunt implicate Date cu caracter personal ale Clientului și va lua măsurile pe care Clientul le poate solicita în mod rezonabil, într-o perioadă rezonabilă de timp, pentru a remedia Incidentul privind Datele cu caracter personal și pentru a furniza informațiile suplimentare pe care Clientul le poate solicita în mod rezonabil. HP își rezervă dreptul de a percepe o taxă administrativă pentru asistența oferită în conformitate cu prezenta Clauză 5.1, cu excepția cazului în care și în măsura în care Clientul demonstrează că o astfel de asistență este necesară din cauza nerespectării de către HP a prezentului DPA.

6 TRANSFERURI INTERNAȚIONALE DE DATE CU CARACTER PERSONAL ALE CLIENTULUI

- 6.1 HP poate transfera Datele cu caracter personal ale Clientului în afara țării în care acestea au fost colectate inițial, cu condiția ca transferul să fie necesar în legătură cu Serviciile și ca aceste transferuri să aibă loc în conformitate cu Legislația aplicabilă privind protecția datelor cu caracter personal, inclusiv, dar fără a se limita la, realizarea oricăror evaluări prealabile cerute de Legislația aplicabilă privind protecția datelor cu caracter personal.

6.2 Dispoziții europene specifice

- 6.2.1 În măsura în care Datele cu caracter personal ale Clientului sunt transferate dintr-o Țară europeană într-o Țară relevantă, HP pune la dispoziție mecanismele de transfer enumerate mai jos, care se aplică, în ordinea de prioritate prevăzută în Clauza 6.2.2, oricăror astfel de transferuri, în conformitate cu Legislația aplicabilă privind protecția datelor cu caracter personal:

- 6.2.1.1 Regulile corporatiste obligatorii ale HP, aplicabile Persoanelor împuternicite de operator, după caz: HP a adoptat Reguli corporatiste obligatorii aplicabile Persoanelor împuternicite de operator, care acoperă Datele cu caracter personal ale Clientului pe care le prelucrează. HP va menține aceste Reguli corporatiste obligatorii ale sale, aplicabile Persoanelor împuternicite de operator, și va notifica prompt Clientul în cazul în care Regulile corporatiste obligatorii ale HP, aplicabile Persoanelor împuternicite de operator nu mai constituie un mecanism de transfer valabil. Regulile corporatiste obligatorii ale HP aplicabile Persoanelor împuternicite de operator sunt disponibile accesând acest link: https://www.hp.com/uk-en/bcr-pages.html?jumpid=in_R11928_us/en/corp/privacy-central/binding-corporate-rules.

6.2.1.2 Garanțiile adecvate între Europa și SUA: Orice transfer ce face obiectul unui Mecanism de adecvare între Europa și SUA aprobat trebuie să fie efectuat în conformitate cu regulile acelui mecanism, ceea ce include, dacă este necesar, înregistrarea sau certificarea Afiliatului (Afiliaților) HP din Statele Unite ale Americii, care vor prelucra Datele cu caracter personal ale Clientului în scopuri asociate Serviciilor.

6.2.1.3 Se aplică Clauzele contractuale standard UE, fie între Operatorul de date și Persoana împuternicită de operator (Anexa 2), fie între Persoana împuternicită de operator și Operatorul de date (Anexa 3), după caz.

6.2.2 În cazul în care Serviciile fac obiectul mai multor mecanisme de transfer, transferul Datelor cu caracter personal ale Clientului va face obiectul unui mecanism unic de transfer în conformitate cu următoarea ordine de prioritate: 1) Regulile corporatiste obligatorii ale HP aplicabile Persoanelor împuternicite de operator; 2) Garanțiile adecvate între Europa și SUA; 3) Clauzele contractuale standard UE.

6.3 Alte mecanisme de transfer specificate

6.3.1 Fără a aduce atingere caracterului general al Clauzei 6.1 de mai sus, Părțile convin că mecanismele de transfer menționate în Anexa 4 (Regatul Unit) și Anexa 5 (Argentina) vor fi utilizate pentru a transfera Date cu caracter personal din țara în cauză către o Țară relevantă.

6.4 Dispoziții specifice pentru China

6.4.1 În măsura în care orice Date cu caracter personal ale Clientului care sunt colectate sau generate în China sunt transferate din Republica Populară Chineză de către HP într-o țară sau regiune din afara China, HP pune la dispoziție mecanismele de transfer enumerate mai jos:

6.4.1.1 Evaluarea securității: în cazul în care evaluarea securității efectuată de Administrația Spațiului Cibernetic din China (CAC) se aplică transferului de Date cu caracter personal ale Clientului, Clientul va solicita evaluarea securității și va respecta cerința relevantă, iar HP va oferi asistență dacă este solicitată de Client și acest lucru se consideră a fi necesar de către ambele Părți.

6.4.1.2 Contractul standard (Anexa 6): În cazul în care evaluarea securității nu se aplică, Clientul trebuie să încheie un contract standard publicat de CAC, cu destinatarul Datelor cu caracter personal ale Clientului.

6.4.2 În cazul în care Operatorul de date transferă Date cu caracter personal din Republica Populară Chineză către Persoana împuternicită de operator într-o țară sau regiune din afara China, Operatorul de date va fi responsabil pentru obținerea consimțământului persoanelor vizate pentru transfer.

7 AUDITURI

7.1 La cererea scrisă a Clientului, HP va pune la dispoziția Clientului toate informațiile necesare pentru a demonstra respectarea obligațiilor prevăzute de Legislației aplicabile privind protecția datelor cu caracter personal, cu condiția ca HP să nu aibă obligația de a furniza informații confidențiale din punct de vedere comercial. Cu o frecvență maximă anuală și pe cheltuiala Clientului, HP va permite și va contribui la audituri și inspecții efectuate de Client sau de un auditor terț autorizat al Clientului, care nu va fi un concurent al HP. Părțile vor stabili de comun acord domeniul de aplicare al oricărui astfel de audituri, inclusiv condițiile de confidențialitate, înainte de inițiere. Pentru a se asigura că Clientul are dreptul de a lua măsuri rezonabile și adecvate pentru a opri și remedia orice utilizare neautorizată a Datelor cu caracter personal ale Clientului de către HP, părțile vor confirma și dezvolta un plan de remediere aprobat de comun acord, după cum este necesar, pentru a aborda orice constatări ale auditului care implică o astfel de utilizare neautorizată a Datelor cu caracter personal ale Clientului.

Anexa 1 – Detalii despre prelucrare

Anexa 2 – Clauze contractuale standard UE (Operator de date către Persoană împuternicită de operator)

Anexa 3 – Clauze contractuale standard UE (Persoană împuternicită de operator către Persoană împuternicită de operator)

Anexa 4 – Acord privind Transferul internațional de date (IDTA) (Regatul Unit)

Anexa 5 – Clauze contractuale standard (Argentina)

Anexa 6 – Contract standard privind Transferul transfrontalier de informații cu caracter personal (China)

Anexa 1

Detalii despre prelucrare

HP poate actualiza periodic prezenta Anexă 1 pentru a reflecta modificările activităților de prelucrare.

Categorii de Persoane vizate

- Angajații Clientului, agenții și subcontractanții clienților.

Tipuri de Date cu caracter personal

Datele cu caracter personal ale Clientului prelucrate de HP în legătură cu furnizarea Serviciilor de către HP sunt determinate și controlate de Client în calitate de Operator de date și în conformitate cu specificația de lucru aplicabilă și/sau cu comenzile de achiziție/solicitările de modificare aplicabile, dar pot include, de exemplu:

- *Date de contact* – cum ar fi numele, numărul de telefon de serviciu sau personal, adresa de e-mail de serviciu sau personală și adresa de serviciu;
- *Date privind acreditările de securitate* – cum ar fi numărul de identificare sau numărul ecusonului angajatului;
- *Date privind utilizarea produselor* – cum ar fi paginile tipărite, tipurile de dispozitive care au inițiat lucrări de imprimare, modul de imprimare, suportul utilizat, marca de cerneală sau de toner, tipul de fișier imprimat (.pdf, .jpg etc.), aplicația utilizată pentru imprimare (Word, Excel, Adobe Photoshop etc.), dimensiunea fișierului, marca de timp și utilizarea și starea consumabilelor imprimantei;
- *Date privind performanța* – evenimentele și caracteristicile imprimării și alertele utilizate, cum ar fi avertismentele „Nivel redus de cerneală”, utilizarea cardurilor foto, a faxului, a scannerului și a serverului web încorporat și informațiile tehnice suplimentare care variază în funcție de produs;
- *Date despre dispozitiv* – informații despre computere, imprimante și/sau dispozitive precum sistemul de operare, cantitatea de memorie, regiunea, limba, fusul orar, numărul modelului, prima dată de începere, vârsta dispozitivului, data de fabricație a dispozitivului, versiunea browserului, producătorul computerului, portul de conectare, starea garanției, identificatorii unici ai dispozitivului, identificatorii de publicitate și informațiile tehnice suplimentare care variază în funcție de produs;
- *Date despre aplicații* – informații legate de aplicațiile HP, cum ar fi localizarea, limba, versiunile software, opțiunile de partajare a datelor și detaliile actualizării și
- Alte Date cu caracter personal furnizate de o Persoană vizată atunci când aceasta interacționează în persoană, online sau telefonic sau prin poștă cu centre de service, birouri de asistență sau alte canale de asistență pentru clienți pentru a facilita furnizarea Serviciilor HP și pentru a răspunde solicitărilor Clientului și/sau ale Persoanei vizate sau (ii) pe dispozitivele primite de HP.

Activități de prelucrare

Datele cu caracter personal ale Clientului prelucrate în legătură cu Contractul de servicii vor fi utilizate de HP pentru a gestiona relația cu Clientul și pentru a furniza Servicii Clientului. HP poate prelucra Datele cu caracter personal ale Clientului în scopurile următoare:

- ca să furnizeze servicii de gestionare a echipamentelor, cum ar fi Serviciile de imprimare gestionate și Dispozitivul ca Serviciu;
- ca să mențină date exacte de contact și de înregistrare pentru a furniza servicii complete de asistență și întreținere, inclusiv pachete de asistență și suport extinse în garanție și pentru a facilita reparațiile și returnările;
- ca să faciliteze accesul la portaluri pentru vizualizarea și gestionarea datelor, gestionarea dispozitivelor, comandarea și finalizarea comenzilor pentru produse sau servicii, în scopul administrării conturilor și al organizării expedierilor și livrărilor;

- ca să îmbunătățească performanța și funcționarea produselor, soluțiilor, serviciilor și asistenței, inclusiv asistența în garanție și actualizările și alertele de firmware și software în timp util, pentru a asigura funcționarea continuă a dispozitivului sau a serviciului;
- ca să transmită Clientului comunicări administrative cu privire la Servicii. Comunicările administrative pot fi, de exemplu, răspunsuri la întrebările sau solicitările Clientului, rapoarte privind utilizarea sau performanța produselor, comunicări legate de finalizarea serviciului sau de garanție, notificări de retragere din motive de siguranță sau actualizări corporative aplicabile privind fuziuni, achiziții sau cesionări;
- ca să mențină integritatea și securitatea site-urilor web, produselor, funcțiilor și serviciilor HP și să prevină și să identifice amenințările la adresa securității, fraudele sau alte activități infracționale sau rău intenționate care ar putea compromite informațiile Clientului;
- ca să verifice identitatea Clientului, inclusiv prin solicitarea numelui apelantului și a identificatorului sau a numărului ecusonului angajatului în vederea furnizării serviciilor HP de întreținere de la distanță;
- ca să respecte legile, reglementările, hotărârile judecătorești și solicitările agenților guvernamentale și de aplicare a legii, să protejeze angajații și alți clienți și să soluționeze litigiile și
- ca să ofere o experiență adaptată, să personalizeze Serviciile și comunicările și să creeze recomandări și

Attachment 2
EU STANDARD CONTRACTUAL CLAUSES (DATA CONTROLLER TO DATA PROCESSOR)

SECTION I

Clause 1

Purpose and scope

- (a) The purpose of these standard contractual clauses is to ensure compliance with the requirements of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation) for the transfer of personal data to a third country.
- (b) The Parties:
 - (i) the natural or legal person(s), public authority/ies, agency/ies or other body/ies (hereinafter 'entity/ies') transferring the personal data, as listed in Annex I.A (hereinafter each 'data exporter'), and
 - (ii) the entity/ies in a third country receiving the personal data from the data exporter, directly or indirectly via another entity also Party to these Clauses, as listed in Annex I.A (hereinafter each 'data importer')have agreed to these standard contractual clauses (hereinafter: 'Clauses').
- (c) These Clauses apply with respect to the transfer of personal data as specified in Annex I.B.
- (d) The Appendix to these Clauses containing the Annexes referred to therein forms an integral part of these Clauses.

Clause 2

Effect and invariability of the Clauses

- (a) These Clauses set out appropriate safeguards, including enforceable data subject rights and effective legal remedies, pursuant to Article 46(1) and Article 46(2)(c) of Regulation (EU) 2016/679 and, with respect to data transfers from controllers to processors and/or processors to processors, standard contractual clauses pursuant to Article 28(7) of Regulation (EU) 2016/679, provided they are not modified, except to select the appropriate Module(s) or to add or update information in the Appendix. This does not prevent the Parties from including the standard contractual clauses laid down in these Clauses in a wider contract and/or to add other clauses or additional safeguards, provided that they do not contradict, directly or indirectly, these Clauses or prejudice the fundamental rights or freedoms of data subjects.
- (b) These Clauses are without prejudice to obligations to which the data exporter is subject by virtue of Regulation (EU) 2016/679.

Clause 3

Third-party beneficiaries

- (a) Data subjects may invoke and enforce these Clauses, as third-party beneficiaries, against the data exporter and/or data importer, with the following exceptions:
 - (i) Clause 1, Clause 2, Clause 3, Clause 6, Clause 7;
 - (ii) Clause 8 – Clause 8.1(b), 8.9(a), (c), (d) and (e);
 - (iii) Clause 9 – Clause 9(a), (c), (d) and (e);

- (iv) Clause 12 – Clause 12(a), (d) and (f);
 - (v) Clause 13;
 - (vi) Clause 15.1(c), (d) and (e);
 - (vii) Clause 16(e);
 - (viii) Clause 18 – Clause 18(a) and (b).
- (b) Paragraph (a) is without prejudice to rights of data subjects under Regulation (EU) 2016/679.

Clause 4

Interpretation

- (a) Where these Clauses use terms that are defined in Regulation (EU) 2016/679, those terms shall have the same meaning as in that Regulation.
- (b) These Clauses shall be read and interpreted in the light of the provisions of Regulation (EU) 2016/679.
- (c) These Clauses shall not be interpreted in a way that conflicts with rights and obligations provided for in Regulation (EU) 2016/679.

Clause 5

Hierarchy

In the event of a contradiction between these Clauses and the provisions of related agreements between the Parties, existing at the time these Clauses are agreed or entered into thereafter, these Clauses shall prevail.

Clause 6

Description of the transfer(s)

The details of the transfer(s), and in particular the categories of personal data that are transferred and the purpose(s) for which they are transferred, are specified in Annex I.B.

SECTION II – OBLIGATIONS OF THE PARTIES

Clause 8

Data protection safeguards

The data exporter warrants that it has used reasonable efforts to determine that the data importer is able, through the implementation of appropriate technical and organisational measures, to satisfy its obligations under these Clauses.

8.1 Instructions

- (a) The data importer shall process the personal data only on documented instructions from the data exporter. The data exporter may give such instructions throughout the duration of the contract.
- (b) The data importer shall immediately inform the data exporter if it is unable to follow those instructions.

8.2 Purpose limitation

The data importer shall process the personal data only for the specific purpose(s) of the transfer, as set out in Annex I.B, unless on further instructions from the data exporter.

8.3 Transparency

On request, the data exporter shall make a copy of these Clauses, including the Appendix as completed by the Parties, available to the data subject free of charge. To the extent necessary to protect business secrets or other confidential information, including the measures described in Annex II and personal data, the data exporter may redact part of the text of the Appendix to these Clauses prior to sharing a copy, but shall provide a meaningful summary where the data subject would otherwise not be able to understand its content or exercise his/her rights. On request, the Parties shall provide the data subject with the reasons for the redactions, to the extent possible without revealing the redacted information. This Clause is without prejudice to the obligations of the data exporter under Articles 13 and 14 of Regulation (EU) 2016/679.

8.4 Accuracy

If the data importer becomes aware that the personal data it has received is inaccurate, or has become outdated, it shall inform the data exporter without undue delay. In this case, the data importer shall cooperate with the data exporter to erase or rectify the data.

8.5 Duration of processing and erasure or return of data

Processing by the data importer shall only take place for the duration specified in Annex I.B. After the end of the provision of the processing services, the data importer shall, at the choice of the data exporter, delete all personal data processed on behalf of the data exporter and certify to the data exporter that it has done so, or return to the data exporter all personal data processed on its behalf and delete existing copies. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit return or deletion of the personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process it to the extent and for as long as required under that local law. This is without prejudice to Clause 14, in particular the requirement for the data importer under Clause 14(e) to notify the data exporter throughout the duration of the contract if it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under Clause 14(a).

8.6 Security of processing

- (a) The data importer and, during transmission, also the data exporter shall implement appropriate technical and organisational measures to ensure the security of the data, including protection against a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorised disclosure or access to that data (hereinafter 'personal data breach'). In assessing the appropriate level of security, the Parties shall take due account of the state of the art, the costs of implementation, the nature, scope, context and purpose(s) of processing and the risks involved in the processing for the data subjects. The Parties shall in particular consider having recourse to encryption or pseudonymisation, including during transmission, where the purpose of processing can be fulfilled in that manner. In case of pseudonymisation, the additional information for attributing the personal data to a specific data subject shall, where possible, remain under the exclusive control of the data exporter. In complying with its obligations under this paragraph, the data importer shall at least implement the technical and organisational measures specified in Annex II. The data importer shall carry out regular checks to ensure that these measures continue to provide an appropriate level of security.
- (b) The data importer shall grant access to the personal data to members of its personnel only to the extent strictly necessary for the implementation, management and monitoring of the contract. It shall ensure that persons authorised to process the personal data have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality.
- (c) In the event of a personal data breach concerning personal data processed by the data importer under these Clauses, the data importer shall take appropriate measures to address the breach, including measures to mitigate its adverse effects. The data importer shall also notify the data exporter without undue delay after having become

aware of the breach. Such notification shall contain the details of a contact point where more information can be obtained, a description of the nature of the breach (including, where possible, categories and approximate number of data subjects and personal data records concerned), its likely consequences and the measures taken or proposed to address the breach including, where appropriate, measures to mitigate its possible adverse effects. Where, and in so far as, it is not possible to provide all information at the same time, the initial notification shall contain the information then available and further information shall, as it becomes available, subsequently be provided without undue delay.

- (d) The data importer shall cooperate with and assist the data exporter to enable the data exporter to comply with its obligations under Regulation (EU) 2016/679, in particular to notify the competent supervisory authority and the affected data subjects, taking into account the nature of processing and the information available to the data importer.

8.7 Sensitive data

Where the transfer involves personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, genetic data, or biometric data for the purpose of uniquely identifying a natural person, data concerning health or a person's sex life or sexual orientation, or data relating to criminal convictions and offences (hereinafter 'sensitive data'), the data importer shall apply the specific restrictions and/or additional safeguards described in Annex I.B.

8.8 Onward transfers

The data importer shall only disclose the personal data to a third party on documented instructions from the data exporter. In addition, the data may only be disclosed to a third party located outside the European Union (in the same country as the data importer or in another third country, hereinafter 'onward transfer') if the third party is or agrees to be bound by these Clauses, under the appropriate Module, or if:

- (a) the onward transfer is to a country benefitting from an adequacy decision pursuant to Article 45 of Regulation (EU) 2016/679 that covers the onward transfer;
- (b) the third party otherwise ensures appropriate safeguards pursuant to Articles 46 or 47 Regulation of (EU) 2016/679 with respect to the processing in question;
- (c) the onward transfer is necessary for the establishment, exercise or defence of legal claims in the context of specific administrative, regulatory or judicial proceedings; or
- (d) the onward transfer is necessary in order to protect the vital interests of the data subject or of another natural person.

Any onward transfer is subject to compliance by the data importer with all the other safeguards under these Clauses, in particular purpose limitation.

8.9 Documentation and compliance

- (a) The data importer shall promptly and adequately deal with enquiries from the data exporter that relate to the processing under these Clauses.
- (b) The Parties shall be able to demonstrate compliance with these Clauses. In particular, the data importer shall keep appropriate documentation on the processing activities carried out on behalf of the data exporter.
- (c) The data importer shall make available to the data exporter all information necessary to demonstrate compliance with the obligations set out in these Clauses and at the data exporter's request, allow for and contribute to audits of the processing activities covered by these Clauses, at reasonable intervals or if there are indications of non-compliance. In deciding on a review or audit, the data exporter may take into account relevant certifications held by the data importer.

- (d) The data exporter may choose to conduct the audit by itself or mandate an independent auditor. Audits may include inspections at the premises or physical facilities of the data importer and shall, where appropriate, be carried out with reasonable notice.
- (e) The Parties shall make the information referred to in paragraphs (b) and (c), including the results of any audits, available to the competent supervisory authority on request.

Clause 9

Use of sub-processors

- (a) **GENERAL WRITTEN AUTHORISATION** The data importer has the data exporter's general authorisation for the engagement of sub-processor(s) from an agreed list. The data importer shall specifically inform the data exporter in writing of any intended changes to that list through the addition or replacement of sub-processors at least 90 days in advance, thereby giving the data exporter sufficient time to be able to object to such changes prior to the engagement of the sub-processor(s). The data importer shall provide the data exporter with the information necessary to enable the data exporter to exercise its right to object.
- (b) Where the data importer engages a sub-processor to carry out specific processing activities (on behalf of the data exporter), it shall do so by way of a written contract that provides for, in substance, the same data protection obligations as those binding the data importer under these Clauses, including in terms of third-party beneficiary rights for data subjects. The Parties agree that, by complying with this Clause, the data importer fulfils its obligations under Clause 8.8. The data importer shall ensure that the sub-processor complies with the obligations to which the data importer is subject pursuant to these Clauses.
- (c) The data importer shall provide, at the data exporter's request, a copy of such a sub-processor agreement and any subsequent amendments to the data exporter. To the extent necessary to protect business secrets or other confidential information, including personal data, the data importer may redact the text of the agreement prior to sharing a copy.
- (d) The data importer shall remain fully responsible to the data exporter for the performance of the sub-processor's obligations under its contract with the data importer. The data importer shall notify the data exporter of any failure by the sub-processor to fulfil its obligations under that contract.
- (e) The data importer shall agree a third-party beneficiary clause with the sub-processor whereby – in the event the data importer has factually disappeared, ceased to exist in law or has become insolvent – the data exporter shall have the right to terminate the sub-processor contract and to instruct the sub-processor to erase or return the personal data.

Clause 10

Data subject rights

- (a) The data importer shall promptly notify the data exporter of any request it has received from a data subject. It shall not respond to that request itself unless it has been authorised to do so by the data exporter.
- (b) The data importer shall assist the data exporter in fulfilling its obligations to respond to data subjects' requests for the exercise of their rights under Regulation (EU) 2016/679. In this regard, the Parties shall set out in Annex II the appropriate technical and organisational measures, taking into account the nature of the processing, by which the assistance shall be provided, as well as the scope and the extent of the assistance required.
- (c) In fulfilling its obligations under paragraphs (a) and (b), the data importer shall comply with the instructions from the data exporter.

Clause 11

Redress

- (a) The data importer shall inform data subjects in a transparent and easily accessible format, through individual notice or on its website, of a contact point authorised to handle complaints. It shall deal promptly with any complaints it receives from a data subject.
- (b) In case of a dispute between a data subject and one of the Parties as regards compliance with these Clauses, that Party shall use its best efforts to resolve the issue amicably in a timely fashion. The Parties shall keep each other informed about such disputes and, where appropriate, cooperate in resolving them.
- (c) Where the data subject invokes a third-party beneficiary right pursuant to Clause 3, the data importer shall accept the decision of the data subject to:
 - (i) lodge a complaint with the supervisory authority in the Member State of his/her habitual residence or place of work, or the competent supervisory authority pursuant to Clause 13;
 - (ii) refer the dispute to the competent courts within the meaning of Clause 18.
- (d) The Parties accept that the data subject may be represented by a not-for-profit body, organisation or association under the conditions set out in Article 80(1) of Regulation (EU) 2016/679.
- (e) The data importer shall abide by a decision that is binding under the applicable EU or Member State law.
- (f) The data importer agrees that the choice made by the data subject will not prejudice his/her substantive and procedural rights to seek remedies in accordance with applicable laws.

Clause 12

Liability

- (a) Each Party shall be liable to the other Party/ies for any damages it causes the other Party/ies by any breach of these Clauses.
- (b) The data importer shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data importer or its sub-processor causes the data subject by breaching the third-party beneficiary rights under these Clauses.
- (c) Notwithstanding paragraph (b), the data exporter shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data exporter or the data importer (or its sub-processor) causes the data subject by breaching the third-party beneficiary rights under these Clauses. This is without prejudice to the liability of the data exporter and, where the data exporter is a processor acting on behalf of a controller, to the liability of the controller under Regulation (EU) 2016/679 or Regulation (EU) 2018/1725, as applicable.
- (d) The Parties agree that if the data exporter is held liable under paragraph (c) for damages caused by the data importer (or its sub-processor), it shall be entitled to claim back from the data importer that part of the compensation corresponding to the data importer's responsibility for the damage.
- (e) Where more than one Party is responsible for any damage caused to the data subject as a result of a breach of these Clauses, all responsible Parties shall be jointly and severally liable and the data subject is entitled to bring an action in court against any of these Parties.
- (f) The Parties agree that if one Party is held liable under paragraph (e), it shall be entitled to claim back from the other Party/ies that part of the compensation corresponding to its/their responsibility for the damage.
- (g) The data importer may not invoke the conduct of a sub-processor to avoid its own liability.

Clause 13

Supervision

- (a) Where the data exporter is established in an EU Member State: The supervisory authority with responsibility for ensuring compliance by the data exporter with Regulation (EU) 2016/679 as regards the data transfer, as indicated in Annex I.C, shall act as competent supervisory authority.

Where the data exporter is not established in an EU Member State, but falls within the territorial scope of application of Regulation (EU) 2016/679 in accordance with its Article 3(2) and has appointed a representative pursuant to Article 27(1) of Regulation (EU) 2016/679: The supervisory authority of the Member State in which the representative within the meaning of Article 27(1) of Regulation (EU) 2016/679 is established, as indicated in Annex I.C, shall act as competent supervisory authority.

Where the data exporter is not established in an EU Member State, but falls within the territorial scope of application of Regulation (EU) 2016/679 in accordance with its Article 3(2) without however having to appoint a representative pursuant to Article 27(2) of Regulation (EU) 2016/679: The supervisory authority of one of the Member States in which the data subjects whose personal data is transferred under these Clauses in relation to the offering of goods or services to them, or whose behaviour is monitored, are located, as indicated in Annex I.C, shall act as competent supervisory authority.

- (b) The data importer agrees to submit itself to the jurisdiction of and cooperate with the competent supervisory authority in any procedures aimed at ensuring compliance with these Clauses. In particular, the data importer agrees to respond to enquiries, submit to audits and comply with the measures adopted by the supervisory authority, including remedial and compensatory measures. It shall provide the supervisory authority with written confirmation that the necessary actions have been taken.

SECTION III – LOCAL LAWS AND OBLIGATIONS IN CASE OF ACCESS BY PUBLIC AUTHORITIES

Clause 14

Local laws and practices affecting compliance with the Clauses

- (a) The Parties warrant that they have no reason to believe that the laws and practices in the third country of destination applicable to the processing of the personal data by the data importer, including any requirements to disclose personal data or measures authorising access by public authorities, prevent the data importer from fulfilling its obligations under these Clauses. This is based on the understanding that laws and practices that respect the essence of the fundamental rights and freedoms and do not exceed what is necessary and proportionate in a democratic society to safeguard one of the objectives listed in Article 23(1) of Regulation (EU) 2016/679, are not in contradiction with these Clauses.
- (b) The Parties declare that in providing the warranty in paragraph (a), they have taken due account in particular of the following elements:
- (i) the specific circumstances of the transfer, including the length of the processing chain, the number of actors involved and the transmission channels used; intended onward transfers; the type of recipient; the purpose of processing; the categories and format of the transferred personal data; the economic sector in which the transfer occurs; the storage location of the data transferred;
 - (ii) the laws and practices of the third country of destination– including those requiring the disclosure of data to public authorities or authorising access by such authorities – relevant in light of the specific circumstances of the transfer, and the applicable limitations and safeguards;
 - (iii) any relevant contractual, technical or organisational safeguards put in place to supplement the safeguards under these Clauses, including measures applied during transmission and to the processing of the personal data in the country of destination.

- (c) The data importer warrants that, in carrying out the assessment under paragraph (b), it has made its best efforts to provide the data exporter with relevant information and agrees that it will continue to cooperate with the data exporter in ensuring compliance with these Clauses.
- (d) The Parties agree to document the assessment under paragraph (b) and make it available to the competent supervisory authority on request.
- (e) The data importer agrees to notify the data exporter promptly if, after having agreed to these Clauses and for the duration of the contract, it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under paragraph (a), including following a change in the laws of the third country or a measure (such as a disclosure request) indicating an application of such laws in practice that is not in line with the requirements in paragraph (a).
- (f) Following a notification pursuant to paragraph (e), or if the data exporter otherwise has reason to believe that the data importer can no longer fulfil its obligations under these Clauses, the data exporter shall promptly identify appropriate measures (e.g. technical or organisational measures to ensure security and confidentiality) to be adopted by the data exporter and/or data importer to address the situation. The data exporter shall suspend the data transfer if it considers that no appropriate safeguards for such transfer can be ensured, or if instructed by the competent supervisory authority to do so. In this case, the data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses. If the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise. Where the contract is terminated pursuant to this Clause, Clause 16(d) and (e) shall apply.

Clause 15

Obligations of the data importer in case of access by public authorities

15.1 Notification

- (a) The data importer agrees to notify the data exporter and, where possible, the data subject promptly (if necessary, with the help of the data exporter) if it:
 - (i) receives a legally binding request from a public authority, including judicial authorities, under the laws of the country of destination for the disclosure of personal data transferred pursuant to these Clauses; such notification shall include information about the personal data requested, the requesting authority, the legal basis for the request and the response provided; or
 - (ii) becomes aware of any direct access by public authorities to personal data transferred pursuant to these Clauses in accordance with the laws of the country of destination; such notification shall include all information available to the importer.
- (b) If the data importer is prohibited from notifying the data exporter and/or the data subject under the laws of the country of destination, the data importer agrees to use its best efforts to obtain a waiver of the prohibition, with a view to communicating as much information as possible, as soon as possible. The data importer agrees to document its best efforts in order to be able to demonstrate them on request of the data exporter.
- (c) Where permissible under the laws of the country of destination, the data importer agrees to provide the data exporter, at regular intervals for the duration of the contract, with as much relevant information as possible on the requests received (in particular, number of requests, type of data requested, requesting authority/ies, whether requests have been challenged and the outcome of such challenges, etc.).
- (d) The data importer agrees to preserve the information pursuant to paragraphs (a) to (c) for the duration of the contract and make it available to the competent supervisory authority on request.

- (e) Paragraphs (a) to (c) are without prejudice to the obligation of the data importer pursuant to Clause 14(e) and Clause 16 to inform the data exporter promptly where it is unable to comply with these Clauses.

15.2 Review of legality and data minimisation

- (a) The data importer agrees to review the legality of the request for disclosure, in particular whether it remains within the powers granted to the requesting public authority, and to challenge the request if, after careful assessment, it concludes that there are reasonable grounds to consider that the request is unlawful under the laws of the country of destination, applicable obligations under international law and principles of international comity. The data importer shall, under the same conditions, pursue possibilities of appeal. When challenging a request, the data importer shall seek interim measures with a view to suspending the effects of the request until the competent judicial authority has decided on its merits. It shall not disclose the personal data requested until required to do so under the applicable procedural rules. These requirements are without prejudice to the obligations of the data importer under Clause 14(e).
- (b) The data importer agrees to document its legal assessment and any challenge to the request for disclosure and, to the extent permissible under the laws of the country of destination, make the documentation available to the data exporter. It shall also make it available to the competent supervisory authority on request.
- (c) The data importer agrees to provide the minimum amount of information permissible when responding to a request for disclosure, based on a reasonable interpretation of the request.

SECTION IV – FINAL PROVISIONS

Clause 16

Non-compliance with the Clauses and termination

- (a) The data importer shall promptly inform the data exporter if it is unable to comply with these Clauses, for whatever reason.
- (b) In the event that the data importer is in breach of these Clauses or unable to comply with these Clauses, the data exporter shall suspend the transfer of personal data to the data importer until compliance is again ensured or the contract is terminated. This is without prejudice to Clause 14(f).
- (c) The data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses, where:
 - (i) the data exporter has suspended the transfer of personal data to the data importer pursuant to paragraph (b) and compliance with these Clauses is not restored within a reasonable time and in any event within one month of suspension;
 - (ii) the data importer is in substantial or persistent breach of these Clauses; or
 - (iii) the data importer fails to comply with a binding decision of a competent court or supervisory authority regarding its obligations under these Clauses.

In these cases, it shall inform the competent supervisory authority of such non-compliance. Where the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise.

- (d) Personal data that has been transferred prior to the termination of the contract pursuant to paragraph (c) shall at the choice of the data exporter immediately be returned to the data exporter or deleted in its entirety. The same shall apply to any copies of the data. The data importer shall certify the deletion of the data to the data exporter. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit the return or deletion of the transferred

personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process the data to the extent and for as long as required under that local law.

- (e) Either Party may revoke its agreement to be bound by these Clauses where (i) the European Commission adopts a decision pursuant to Article 45(3) of Regulation (EU) 2016/679 that covers the transfer of personal data to which these Clauses apply; or (ii) Regulation (EU) 2016/679 becomes part of the legal framework of the country to which the personal data is transferred. This is without prejudice to other obligations applying to the processing in question under Regulation (EU) 2016/679.

Clause 17

Governing law

These Clauses shall be governed by the law of one of the EU Member States, provided such law allows for third-party beneficiary rights. The Parties agree that this shall be the law of France.

Clause 18

Choice of forum and jurisdiction

- (a) Any dispute arising from these Clauses shall be resolved by the courts of an EU Member State.
- (b) The Parties agree that those shall be the courts of France.
- (c) A data subject may also bring legal proceedings against the data exporter and/or data importer before the courts of the Member State in which he/she has his/her habitual residence.
- (d) The Parties agree to submit themselves to the jurisdiction of such courts.

APPENDIX

ANNEX I

A. LIST OF PARTIES

Data exporter(s): *[Identity and contact details of the data exporter(s) and, where applicable, of its/their data protection officer and/or representative in the European Union]*

Name: See Customer's name in the Agreement

Address: See Customer's address in the Agreement

Contact person's name, position and contact details: See Customer's contact person's name, position and contact details in the Agreement

Activities relevant to the data transferred under these Clauses: Same as the Agreement

Signature and date: Same as the Agreement

Role (controller/processor): Controller

Data importer(s): *[Identity and contact details of the data importer(s), including any contact person with responsibility for data protection]*

Name: See HP's name in the Agreement

Address: See HP's address in the Agreement

Contact person's name, position and contact details: Zoe McMahon, DPO, <https://www.hp.com/us-en/privacy/ww-privacy-form.html>

Activities relevant to the data transferred under these Clauses: Same as the Agreement

Signature and date: Same as the Agreement

Role (controller/processor): Processor

B. DESCRIPTION OF TRANSFER

Categories of data subjects whose personal data is transferred

See Attachment 1.

Categories of personal data transferred

See Attachment 1.

Sensitive data transferred (if applicable) and applied restrictions or safeguards that fully take into consideration the nature of the data and the risks involved, such as for instance strict purpose limitation, access restrictions (including access only for staff having followed specialised training), keeping a record of access to the data, restrictions for onward transfers or additional security measures.

See attachment 1.

The frequency of the transfer (e.g. whether the data is transferred on a one-off or continuous basis).

See attachment 1.

Nature of the processing

See attachment 1.

Purpose(s) of the data transfer and further processing

See attachment 1.

The period for which the personal data will be retained, or, if that is not possible, the criteria used to determine that period

See Agreement and DPA.

For transfers to (sub-) processors, also specify subject matter, nature and duration of the processing

Subject matter: See Attachment 1.

Nature: See Attachment 1.

Duration of the processing: As long as the contract is in effect.

C. COMPETENT SUPERVISORY AUTHORITY

Commission Nationale de l'informatique et des Libertés (CNIL)

ANNEX II

TECHNICAL AND ORGANISATIONAL MEASURES INCLUDING TECHNICAL AND ORGANISATIONAL MEASURES TO ENSURE THE SECURITY OF THE DATA

To protect Customer data, HP abides by a robust set of information security controls including policies, practices, procedures, and organizational structures to safeguard the confidentiality, integrity, and availability of its own and its customers' information (including Personal Data as defined in HP's Customer and Data Processing Addenda). The following sets forth an overview of HP's technical/organizational security measures throughout the company.

1. Security Policy

HP maintains globally applicable policies, standards, and procedures intended to protect HP and Customer data. The detail of HP's security policies is confidential to protect the integrity of HP's data and systems. However, summaries of our key policies are included below.

2. Information Security Organization

HP has an Information Security Organization responsible for directing and managing the organization's information security strategy and controls. An Information Security Framework/Management System is put in place to ensure compliance with HP's security policies and controls and confirm that the security requirements of its customers are complied with. This Framework is structured in alignment with the NIST Cybersecurity Framework and is reviewed annually.

3. Asset Management

HP has a process in place for identifying technical information assets, and through this process, HP identifies all assets under its responsibility and categorizes the critical assets. HP further maintains a set of documented handling procedures for each information classification type, including those assets that contain Personal Data. Handling procedures address storage, transmission, communication, access, logging, retention, destruction, disposal, incident management, and breach notification.

4. Access Control

The principle of least privilege is used for providing logical access control. User access is provided via a unique user ID and password. HP's password policy has defined complexity, strength, validity, and password-history related controls. Access rights are reviewed periodically and revoked upon personnel departure.

User account creation and deletion procedures, as have been mutually agreed upon, are implemented to grant and revoke access to client systems used during the engagement.

5. Personnel Training

HP employees must complete the Integrity at HP training designed to ensure that employees are familiar with the program, policies, and resources that govern HP's expectations for ethical behavior, excellence, and compliance. Integrity at HP features modules on security and data privacy, and employees also are required to take an annual "refresher" course. HP employees must also complete an annually refreshed dedicated security awareness training focused on essential security policies and emphasizing the employees' responsibilities related to incident management, data privacy, and information security.

6. Third Parties and Subcontractors

HP has processes in place to select sub-contractors that are able to comply with comprehensive contractual security requirements.

For applicable suppliers (suppliers that handle/store/transmit HP data and customer owned HP held data or have access to the HP network), HP Cybersecurity performs a risk assessment to verify the existence of an information security program. An adequate program must include physical, technical, and administrative safeguards. This assessment must be done before the supplier has access to HP information.

7. Systems Security

By policy, the development of systems and supporting software within HP follow a secure development

methodology to ensure security throughout the system/software lifecycle. The Software Development Lifecycle defines initiation, development/acquisition, implementation, operations, and disposal requirements. All system components, including modules, libraries, services, and discrete components, are evaluated to determine their impact on the overall system security state.

HP has defined controls for the protection of application service transactions. These controls include validating and verifying user credentials, mandating digital signatures and encryption, implementing secure communication protocols, storing online transaction details on servers within the appropriate network security zone.

Internal vulnerability scans are performed regularly.

8. Physical and Environmental Security

HP facilities are secured using various physical and electronic access controls and surveillance capabilities. Depending on the facility, this could include security guards, electronic access control, and closed-circuit television (CCTV).

All HP personnel are registered and are required to carry appropriate identification badges.

Facilities have required infrastructure support with temperature control and power backups where required, using UPS and/or diesel generators to support critical services.

9. Operations Management

HP has defined a minimum set of hardening requirements for technology infrastructure, including workstations, servers, and network equipment. Workstation/servers images contain pre-hardened operating systems. Hardening requirements vary depending on the type of operating system and applicable controls implemented.

HP has deployed Network Intrusion Detection/Prevention Systems (NIDS/ NIPS) within the network and are monitored and managed 24*7.

HP security policies and standards mandate secure disposal of media.

10. Cryptography

HP has defined a set of robust processes for cryptography to ensure the confidentiality, integrity, and availability of information assets. Approved protocols require encryption for certain assets, including those that contain personal data.

11. Information Security Incident Management

HP follows a developed Cyber Incident Management Process that addresses purpose, scope, roles, responsibilities, management commitment, organizational coordination, implementation procedures, and compliance checking. HP reviews and updates this process on an annual basis.

A Cyber Incident Response Team, which includes HP Cybersecurity personnel trained in incident response and crisis management, is assembled for regular table-top reviews of process and any incident or event.

12. Business Continuity Management

HP maintains a global Continuity of Operations program. This program takes a holistic, company-wide approach for end-to-end continuity through a set of collaborative, standardized, and internally documented planning processes.

HP periodically exercises its business continuity plans to ensure their effectiveness. HP currently tests and updates all plans at least yearly and ensures that people with a role in the business continuity plan are trained.

For transfers to (sub-) processors, also describe the specific technical and organisational measures to be taken by the (sub-) processor to be able to provide assistance to the controller and, for transfers from a processor to a sub-processor, to the data exporter

Sub-processors only process: name, business email address, business phone number, business address.

The purpose of transferring this data is to complete the contract.

For HP all of the above technical and organizational measures are flowed down to the sub-processors through the partner code of conduct and contract terms. Sub-processors are required to commit to

following HP's requirements.

Attachment 3
EU STANDARD CONTRACTUAL CLAUSES (DATA PROCESSOR TO DATA PROCESSORS)

SECTION I

Clause 1

Purpose and scope

- (a) The purpose of these standard contractual clauses is to ensure compliance with the requirements of Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation) https://eur-lex.europa.eu/legal-content/EN/TXT/HTML/?uri=CELEX:32021D0914&from=EN - ntr1-L_2021199EN.01003701-E0001 for the transfer of personal data to a third country.
- (b) The Parties:
- (i) the natural or legal person(s), public authority/ies, agency/ies or other body/ies (hereinafter 'entity/ies') transferring the personal data, as listed in Annex I.A (hereinafter each 'data exporter'), and
 - (ii) the entity/ies in a third country receiving the personal data from the data exporter, directly or indirectly via another entity also Party to these Clauses, as listed in Annex I.A (hereinafter each 'data importer')
- have agreed to these standard contractual clauses (hereinafter: 'Clauses').
- (c) These Clauses apply with respect to the transfer of personal data as specified in Annex I.B.
- (d) The Appendix to these Clauses containing the Annexes referred to therein forms an integral part of these Clauses.

Clause 2

Effect and invariability of the Clauses

- (a) These Clauses set out appropriate safeguards, including enforceable data subject rights and effective legal remedies, pursuant to Article 46(1) and Article 46(2)(c) of Regulation (EU) 2016/679 and, with respect to data transfers from controllers to processors and/or processors to processors, standard contractual clauses pursuant to Article 28(7) of Regulation (EU) 2016/679, provided they are not modified, except to select the appropriate Module(s) or to add or update information in the Appendix. This does not prevent the Parties from including the standard contractual clauses laid down in these Clauses in a wider contract and/or to add other clauses or additional safeguards, provided that they do not contradict, directly or indirectly, these Clauses or prejudice the fundamental rights or freedoms of data subjects.
- (b) These Clauses are without prejudice to obligations to which the data exporter is subject by virtue of Regulation (EU) 2016/679.

Clause 3

Third-party beneficiaries

- (a) Data subjects may invoke and enforce these Clauses, as third-party beneficiaries, against the data exporter and/or data importer, with the following exceptions:
- (i) Clause 1, Clause 2, Clause 3, Clause 6, Clause 7;
 - (ii) Clause 8 – Clause 8.1(a), (c) and (d) and Clause 8.9(a), (c), (d), (e), (f) and (g);

- (iii) Clause 9 – Clause 9(a), (c), (d) and (e);
- (iv) Clause 12 – Clause 12(a), (d) and (f);
- (v) Clause 13;
- (vi) Clause 15.1(c), (d) and (e);
- (vii) Clause 16(e);
- (viii) Clause 18 – Clause 18(a) and (b).

(b) Paragraph (a) is without prejudice to rights of data subjects under Regulation (EU) 2016/679.

Clause 4

Interpretation

- (a) Where these Clauses use terms that are defined in Regulation (EU) 2016/679, those terms shall have the same meaning as in that Regulation.
- (b) These Clauses shall be read and interpreted in the light of the provisions of Regulation (EU) 2016/679.
- (c) These Clauses shall not be interpreted in a way that conflicts with rights and obligations provided for in Regulation (EU) 2016/679.

Clause 5

Hierarchy

In the event of a contradiction between these Clauses and the provisions of related agreements between the Parties, existing at the time these Clauses are agreed or entered into thereafter, these Clauses shall prevail.

Clause 6

Description of the transfer(s)

The details of the transfer(s), and in particular the categories of personal data that are transferred and the purpose(s) for which they are transferred, are specified in Annex I.B.

SECTION II – OBLIGATIONS OF THE PARTIES

Clause 8

Data protection safeguards

The data exporter warrants that it has used reasonable efforts to determine that the data importer is able, through the implementation of appropriate technical and organisational measures, to satisfy its obligations under these Clauses.

8.1 Instructions

- (a) The data exporter has informed the data importer that it acts as processor under the instructions of its controller(s), which the data exporter shall make available to the data importer prior to processing.
- (b) The data importer shall process the personal data only on documented instructions from the controller, as communicated to the data importer by the data exporter, and any additional documented instructions from the data exporter. Such additional instructions shall not conflict with the instructions from the controller. The controller or

data exporter may give further documented instructions regarding the data processing throughout the duration of the contract.

- (c) The data importer shall immediately inform the data exporter if it is unable to follow those instructions. Where the data importer is unable to follow the instructions from the controller, the data exporter shall immediately notify the controller.
- (d) The data exporter warrants that it has imposed the same data protection obligations on the data importer as set out in the contract or other legal act under Union or Member State law between the controller and the data exporter.

8.2 Purpose limitation

The data importer shall process the personal data only for the specific purpose(s) of the transfer, as set out in Annex I.B., unless on further instructions from the controller, as communicated to the data importer by the data exporter, or from the data exporter.

8.3 Transparency

On request, the data exporter shall make a copy of these Clauses, including the Appendix as completed by the Parties, available to the data subject free of charge. To the extent necessary to protect business secrets or other confidential information, including personal data, the data exporter may redact part of the text of the Appendix prior to sharing a copy, but shall provide a meaningful summary where the data subject would otherwise not be able to understand its content or exercise his/her rights. On request, the Parties shall provide the data subject with the reasons for the redactions, to the extent possible without revealing the redacted information.

8.4 Accuracy

If the data importer becomes aware that the personal data it has received is inaccurate, or has become outdated, it shall inform the data exporter without undue delay. In this case, the data importer shall cooperate with the data exporter to rectify or erase the data.

8.5 Duration of processing and erasure or return of data

Processing by the data importer shall only take place for the duration specified in Annex I.B. After the end of the provision of the processing services, the data importer shall, at the choice of the data exporter, delete all personal data processed on behalf of the controller and certify to the data exporter that it has done so, or return to the data exporter all personal data processed on its behalf and delete existing copies. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit return or deletion of the personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process it to the extent and for as long as required under that local law. This is without prejudice to Clause 14, in particular the requirement for the data importer under Clause 14(e) to notify the data exporter throughout the duration of the contract if it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under Clause 14(a).

8.6 Security of processing

- (a) The data importer and, during transmission, also the data exporter shall implement appropriate technical and organisational measures to ensure the security of the data, including protection against a breach of security leading to accidental or unlawful destruction, loss, alteration, unauthorised disclosure or access to that data (hereinafter 'personal data breach'). In assessing the appropriate level of security, they shall take due account of the state of the art, the costs of implementation, the nature, scope, context and purpose(s) of processing and the risks involved in the processing for the data subject. The Parties shall in particular consider having recourse to encryption or pseudonymisation, including during transmission, where the purpose of processing can be fulfilled in that manner. In case of pseudonymisation, the additional information for attributing the personal data to a specific data subject shall, where possible, remain under the exclusive control of the data exporter or the controller. In complying with

its obligations under this paragraph, the data importer shall at least implement the technical and organisational measures specified in Annex II. The data importer shall carry out regular checks to ensure that these measures continue to provide an appropriate level of security.

- (b) The data importer shall grant access to the data to members of its personnel only to the extent strictly necessary for the implementation, management and monitoring of the contract. It shall ensure that persons authorised to process the personal data have committed themselves to confidentiality or are under an appropriate statutory obligation of confidentiality.
- (c) In the event of a personal data breach concerning personal data processed by the data importer under these Clauses, the data importer shall take appropriate measures to address the breach, including measures to mitigate its adverse effects. The data importer shall also notify, without undue delay, the data exporter and, where appropriate and feasible, the controller after having become aware of the breach. Such notification shall contain the details of a contact point where more information can be obtained, a description of the nature of the breach (including, where possible, categories and approximate number of data subjects and personal data records concerned), its likely consequences and the measures taken or proposed to address the data breach, including measures to mitigate its possible adverse effects. Where, and in so far as, it is not possible to provide all information at the same time, the initial notification shall contain the information then available and further information shall, as it becomes available, subsequently be provided without undue delay.
- (d) The data importer shall cooperate with and assist the data exporter to enable the data exporter to comply with its obligations under Regulation (EU) 2016/679, in particular to notify its controller so that the latter may in turn notify the competent supervisory authority and the affected data subjects, taking into account the nature of processing and the information available to the data importer.

8.7 Sensitive data

Where the transfer involves personal data revealing racial or ethnic origin, political opinions, religious or philosophical beliefs, or trade union membership, genetic data, or biometric data for the purpose of uniquely identifying a natural person, data concerning health or a person's sex life or sexual orientation, or data relating to criminal convictions and offences (hereinafter 'sensitive data'), the data importer shall apply the specific restrictions and/or additional safeguards set out in Annex I.B.

8.8 Onward transfers

The data importer shall only disclose the personal data to a third party on documented instructions from the controller, as communicated to the data importer by the data exporter. In addition, the data may only be disclosed to a third party located outside the European Union https://eur-lex.europa.eu/legal-content/EN/TXT/HTML/?uri=CELEX:32021D0914&from=EN - ntr6-L_2021199EN.01003701-E0006 (in the same country as the data importer or in another third country, hereinafter 'onward transfer') if the third party is or agrees to be bound by these Clauses, under the appropriate Module, or if:

- (i) the onward transfer is to a country benefitting from an adequacy decision pursuant to Article 45 of Regulation (EU) 2016/679 that covers the onward transfer;
- (ii) the third party otherwise ensures appropriate safeguards pursuant to Articles 46 or 47 of Regulation (EU) 2016/679;
- (iii) the onward transfer is necessary for the establishment, exercise or defence of legal claims in the context of specific administrative, regulatory or judicial proceedings; or
- (iv) the onward transfer is necessary in order to protect the vital interests of the data subject or of another natural person.

Any onward transfer is subject to compliance by the data importer with all the other safeguards under these Clauses, in particular purpose limitation.

8.9 Documentation and compliance

- (a) The data importer shall promptly and adequately deal with enquiries from the data exporter or the controller that relate to the processing under these Clauses.
- (b) The Parties shall be able to demonstrate compliance with these Clauses. In particular, the data importer shall keep appropriate documentation on the processing activities carried out on behalf of the controller.
- (c) The data importer shall make all information necessary to demonstrate compliance with the obligations set out in these Clauses available to the data exporter, which shall provide it to the controller.
- (d) The data importer shall allow for and contribute to audits by the data exporter of the processing activities covered by these Clauses, at reasonable intervals or if there are indications of non-compliance. The same shall apply where the data exporter requests an audit on instructions of the controller. In deciding on an audit, the data exporter may take into account relevant certifications held by the data importer.
- (e) Where the audit is carried out on the instructions of the controller, the data exporter shall make the results available to the controller.
- (f) The data exporter may choose to conduct the audit by itself or mandate an independent auditor. Audits may include inspections at the premises or physical facilities of the data importer and shall, where appropriate, be carried out with reasonable notice.
- (g) The Parties shall make the information referred to in paragraphs (b) and (c), including the results of any audits, available to the competent supervisory authority on request.

Clause 9

Use of sub-processors

- (a) **GENERAL WRITTEN AUTHORISATION** The data importer has the controller's general authorisation for the engagement of sub-processor(s) from an agreed list. The data importer shall specifically inform the controller in writing of any intended changes to that list through the addition or replacement of sub-processors at least 10 days in advance, thereby giving the controller sufficient time to be able to object to such changes prior to the engagement of the sub-processor(s). The data importer shall provide the controller with the information necessary to enable the controller to exercise its right to object. The data importer shall inform the data exporter of the engagement of the sub-processor(s).
- (b) Where the data importer engages a sub-processor to carry out specific processing activities (on behalf of the controller), it shall do so by way of a written contract that provides for, in substance, the same data protection obligations as those binding the data importer under these Clauses, including in terms of third-party beneficiary rights for data subjects. The Parties agree that, by complying with this Clause, the data importer fulfils its obligations under Clause 8.8. The data importer shall ensure that the sub-processor complies with the obligations to which the data importer is subject pursuant to these Clauses.
- (c) The data importer shall provide, at the data exporter's or controller's request, a copy of such a sub-processor agreement and any subsequent amendments. To the extent necessary to protect business secrets or other confidential information, including personal data, the data importer may redact the text of the agreement prior to sharing a copy.
- (d) The data importer shall remain fully responsible to the data exporter for the performance of the sub-processor's obligations under its contract with the data importer. The data importer shall notify the data exporter of any failure by the sub-processor to fulfil its obligations under that contract.
- (e) The data importer shall agree a third-party beneficiary clause with the sub-processor whereby – in the event the data importer has factually disappeared, ceased to exist in law or has become insolvent – the data exporter shall

have the right to terminate the sub-processor contract and to instruct the sub-processor to erase or return the personal data.

Clause 10

Data subject rights

- (a) The data importer shall promptly notify the data exporter and, where appropriate, the controller of any request it has received from a data subject, without responding to that request unless it has been authorised to do so by the controller.
- (b) The data importer shall assist, where appropriate in cooperation with the data exporter, the controller in fulfilling its obligations to respond to data subjects' requests for the exercise of their rights under Regulation (EU) 2016/679 or Regulation (EU) 2018/1725, as applicable. In this regard, the Parties shall set out in Annex II the appropriate technical and organisational measures, taking into account the nature of the processing, by which the assistance shall be provided, as well as the scope and the extent of the assistance required.
- (c) In fulfilling its obligations under paragraphs (a) and (b), the data importer shall comply with the instructions from the controller, as communicated by the data exporter.

Clause 11

Redress

- (a) The data importer shall inform data subjects in a transparent and easily accessible format, through individual notice or on its website, of a contact point authorised to handle complaints. It shall deal promptly with any complaints it receives from a data subject.
- (b) In case of a dispute between a data subject and one of the Parties as regards compliance with these Clauses, that Party shall use its best efforts to resolve the issue amicably in a timely fashion. The Parties shall keep each other informed about such disputes and, where appropriate, cooperate in resolving them.
- (c) Where the data subject invokes a third-party beneficiary right pursuant to Clause 3, the data importer shall accept the decision of the data subject to:
 - (i) lodge a complaint with the supervisory authority in the Member State of his/her habitual residence or place of work, or the competent supervisory authority pursuant to Clause 13;
 - (ii) refer the dispute to the competent courts within the meaning of Clause 18.
- (d) The Parties accept that the data subject may be represented by a not-for-profit body, organisation or association under the conditions set out in Article 80(1) of Regulation (EU) 2016/679.
- (e) The data importer shall abide by a decision that is binding under the applicable EU or Member State law.
- (f) The data importer agrees that the choice made by the data subject will not prejudice his/her substantive and procedural rights to seek remedies in accordance with applicable laws.

Clause 12

Liability

- (a) Each Party shall be liable to the other Party/ies for any damages it causes the other Party/ies by any breach of these Clauses.

- (b) The data importer shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data importer or its sub-processor causes the data subject by breaching the third-party beneficiary rights under these Clauses.
- (c) Notwithstanding paragraph (b), the data exporter shall be liable to the data subject, and the data subject shall be entitled to receive compensation, for any material or non-material damages the data exporter or the data importer (or its sub-processor) causes the data subject by breaching the third-party beneficiary rights under these Clauses. This is without prejudice to the liability of the data exporter and, where the data exporter is a processor acting on behalf of a controller, to the liability of the controller under Regulation (EU) 2016/679 or Regulation (EU) 2018/1725, as applicable.
- (d) The Parties agree that if the data exporter is held liable under paragraph (c) for damages caused by the data importer (or its sub-processor), it shall be entitled to claim back from the data importer that part of the compensation corresponding to the data importer's responsibility for the damage.
- (e) Where more than one Party is responsible for any damage caused to the data subject as a result of a breach of these Clauses, all responsible Parties shall be jointly and severally liable and the data subject is entitled to bring an action in court against any of these Parties.
- (f) The Parties agree that if one Party is held liable under paragraph (e), it shall be entitled to claim back from the other Party/ies that part of the compensation corresponding to its/their responsibility for the damage.
- (g) The data importer may not invoke the conduct of a sub-processor to avoid its own liability.

Clause 13

Supervision

- (a) Where the data exporter is established in an EU Member State: The supervisory authority with responsibility for ensuring compliance by the data exporter with Regulation (EU) 2016/679 as regards the data transfer, as indicated in Annex I.C, shall act as competent supervisory authority.

Where the data exporter is not established in an EU Member State, but falls within the territorial scope of application of Regulation (EU) 2016/679 in accordance with its Article 3(2) and has appointed a representative pursuant to Article 27(1) of Regulation (EU) 2016/679: The supervisory authority of the Member State in which the representative within the meaning of Article 27(1) of Regulation (EU) 2016/679 is established, as indicated in Annex I.C, shall act as competent supervisory authority.

Where the data exporter is not established in an EU Member State, but falls within the territorial scope of application of Regulation (EU) 2016/679 in accordance with its Article 3(2) without however having to appoint a representative pursuant to Article 27(2) of Regulation (EU) 2016/679: The supervisory authority of one of the Member States in which the data subjects whose personal data is transferred under these Clauses in relation to the offering of goods or services to them, or whose behaviour is monitored, are located, as indicated in Annex I.C, shall act as competent supervisory authority.

- (b) The data importer agrees to submit itself to the jurisdiction of and cooperate with the competent supervisory authority in any procedures aimed at ensuring compliance with these Clauses. In particular, the data importer agrees to respond to enquiries, submit to audits and comply with the measures adopted by the supervisory authority, including remedial and compensatory measures. It shall provide the supervisory authority with written confirmation that the necessary actions have been taken.

SECTION III – LOCAL LAWS AND OBLIGATIONS IN CASE OF ACCESS BY PUBLIC AUTHORITIES

Clause 14

Local laws and practices affecting compliance with the Clauses

- (a) The Parties warrant that they have no reason to believe that the laws and practices in the third country of destination applicable to the processing of the personal data by the data importer, including any requirements to disclose personal data or measures authorising access by public authorities, prevent the data importer from fulfilling its obligations under these Clauses. This is based on the understanding that laws and practices that respect the essence of the fundamental rights and freedoms and do not exceed what is necessary and proportionate in a democratic society to safeguard one of the objectives listed in Article 23(1) of Regulation (EU) 2016/679, are not in contradiction with these Clauses.
- (b) The Parties declare that in providing the warranty in paragraph (a), they have taken due account in particular of the following elements:
 - (i) the specific circumstances of the transfer, including the length of the processing chain, the number of actors involved and the transmission channels used; intended onward transfers; the type of recipient; the purpose of processing; the categories and format of the transferred personal data; the economic sector in which the transfer occurs; the storage location of the data transferred;
 - (ii) the laws and practices of the third country of destination– including those requiring the disclosure of data to public authorities or authorising access by such authorities – relevant in light of the specific circumstances of the transfer, and the applicable limitations and safeguards;
 - (iii) any relevant contractual, technical or organisational safeguards put in place to supplement the safeguards under these Clauses, including measures applied during transmission and to the processing of the personal data in the country of destination.
- (c) The data importer warrants that, in carrying out the assessment under paragraph (b), it has made its best efforts to provide the data exporter with relevant information and agrees that it will continue to cooperate with the data exporter in ensuring compliance with these Clauses.
- (d) The Parties agree to document the assessment under paragraph (b) and make it available to the competent supervisory authority on request.
- (e) The data importer agrees to notify the data exporter promptly if, after having agreed to these Clauses and for the duration of the contract, it has reason to believe that it is or has become subject to laws or practices not in line with the requirements under paragraph (a), including following a change in the laws of the third country or a measure (such as a disclosure request) indicating an application of such laws in practice that is not in line with the requirements in paragraph (a). The data exporter shall forward the notification to the controller.
- (f) Following a notification pursuant to paragraph (e), or if the data exporter otherwise has reason to believe that the data importer can no longer fulfil its obligations under these Clauses, the data exporter shall promptly identify appropriate measures (e.g. technical or organisational measures to ensure security and confidentiality) to be adopted by the data exporter and/or data importer to address the situation, if appropriate in consultation with the controller. The data exporter shall suspend the data transfer if it considers that no appropriate safeguards for such transfer can be ensured, or if instructed by the controller or the competent supervisory authority to do so. In this case, the data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses. If the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise. Where the contract is terminated pursuant to this Clause, Clause 16(d) and (e) shall apply.

Clause 15

Obligations of the data importer in case of access by public authorities

15.1 Notification

- (a) The data importer agrees to notify the data exporter and, where possible, the data subject promptly (if necessary with the help of the data exporter) if it:
 - (i) receives a legally binding request from a public authority, including judicial authorities, under the laws of the country of destination for the disclosure of personal data transferred pursuant to these Clauses; such notification shall include all information about the personal data requested, the requesting authority, the legal basis for the request and the response provided; or
 - (ii) becomes aware of any direct access by public authorities to personal data transferred pursuant to these Clauses in accordance with the laws of the country of destination; such notification shall include all information available to the data importer.

The data exporter shall forward the notification to the controller.

- (b) If the data importer is prohibited from notifying the data exporter and/or the data subject under the laws of the country of destination, the data importer agrees to use its best efforts to obtain a waiver of the prohibition, with a view to communicating as much information as possible, as soon as possible. The data importer agrees to document its best efforts in order to be able to demonstrate them on request of the data exporter.
- (c) Where permissible under the laws of the country of destination, the data importer agrees to provide the data exporter, at regular intervals for the duration of the contract, with as much relevant information as possible on the requests received (in particular, number of requests, type of data requested, requesting authority/ies, whether requests have been challenged and the outcome of such challenges, etc.). The data exporter shall forward the information to the controller.
- (d) The data importer agrees to preserve the information pursuant to paragraphs (a) to (c) for the duration of the contract and make it available to the competent supervisory authority on request.
- (e) Paragraphs (a) to (c) are without prejudice to the obligation of the data importer pursuant to Clause 14(e) and Clause 16 to inform the data exporter promptly where it is unable to comply with these Clauses.

15.2 Review of legality and data minimisation

- (a) The data importer agrees to review the legality of the request for disclosure, in particular whether it remains within the powers granted to the requesting public authority, and to challenge the request if, after careful assessment, it concludes that there are reasonable grounds to consider that the request is unlawful under the laws of the country of destination, applicable obligations under international law and principles of international comity. The data importer shall, under the same conditions, pursue possibilities of appeal. When challenging a request, the data importer shall seek interim measures with a view to suspending the effects of the request until the competent judicial authority has decided on its merits. It shall not disclose the personal data requested until required to do so under the applicable procedural rules. These requirements are without prejudice to the obligations of the data importer under Clause 14(e).
- (b) The data importer agrees to document its legal assessment and any challenge to the request for disclosure and, to the extent permissible under the laws of the country of destination, make the documentation available to the data exporter. It shall also make it available to the competent supervisory authority on request. The data exporter shall make the assessment available to the controller.
- (c) The data importer agrees to provide the minimum amount of information permissible when responding to a request for disclosure, based on a reasonable interpretation of the request.

SECTION IV – FINAL PROVISIONS

Clause 16

Non-compliance with the Clauses and termination

- (a) The data importer shall promptly inform the data exporter if it is unable to comply with these Clauses, for whatever reason.
- (b) In the event that the data importer is in breach of these Clauses or unable to comply with these Clauses, the data exporter shall suspend the transfer of personal data to the data importer until compliance is again ensured or the contract is terminated. This is without prejudice to Clause 14(f).
- (c) The data exporter shall be entitled to terminate the contract, insofar as it concerns the processing of personal data under these Clauses, where:
 - (i) the data exporter has suspended the transfer of personal data to the data importer pursuant to paragraph (b) and compliance with these Clauses is not restored within a reasonable time and in any event within one month of suspension;
 - (ii) the data importer is in substantial or persistent breach of these Clauses; or
 - (iii) the data importer fails to comply with a binding decision of a competent court or supervisory authority regarding its obligations under these Clauses.

In these cases, it shall inform the competent supervisory authority and the controller of such non-compliance. Where the contract involves more than two Parties, the data exporter may exercise this right to termination only with respect to the relevant Party, unless the Parties have agreed otherwise.

- (d) Personal data that has been transferred prior to the termination of the contract pursuant to paragraph (c) shall at the choice of the data exporter immediately be returned to the data exporter or deleted in its entirety. The same shall apply to any copies of the data. The data importer shall certify the deletion of the data to the data exporter. Until the data is deleted or returned, the data importer shall continue to ensure compliance with these Clauses. In case of local laws applicable to the data importer that prohibit the return or deletion of the transferred personal data, the data importer warrants that it will continue to ensure compliance with these Clauses and will only process the data to the extent and for as long as required under that local law.
- (e) Either Party may revoke its agreement to be bound by these Clauses where (i) the European Commission adopts a decision pursuant to Article 45(3) of Regulation (EU) 2016/679 that covers the transfer of personal data to which these Clauses apply; or (ii) Regulation (EU) 2016/679 becomes part of the legal framework of the country to which the personal data is transferred. This is without prejudice to other obligations applying to the processing in question under Regulation (EU) 2016/679.

Clause 17

Governing law

These Clauses shall be governed by the law of one of the EU Member States, provided such law allows for third-party beneficiary rights. The Parties agree that this shall be the law of France.

Clause 18

Choice of forum and jurisdiction

- (a) Any dispute arising from these Clauses shall be resolved by the courts of an EU Member State.
- (b) The Parties agree that those shall be the courts of France.
- (c) A data subject may also bring legal proceedings against the data exporter and/or data importer before the courts of the Member State in which he/she has his/her habitual residence.
- (d) The Parties agree to submit themselves to the jurisdiction of such courts.

APPENDIX

ANNEX I

A. LIST OF PARTIES

Data exporter(s): *[Identity and contact details of the data exporter(s) and, where applicable, of its/their data protection officer and/or representative in the European Union]*

Name: See Customer's name in the Agreement

Address: See Customer's address in the Agreement

Contact person's name, position and contact details: See Customer's contact person's name, position and contact details in the Agreement

Activities relevant to the data transferred under these Clauses: Same as the Agreement

Signature and date: Same as the Agreement

Role (controller/processor): Processor

Data importer(s): *[Identity and contact details of the data importer(s), including any contact person with responsibility for data protection]*

Name: See HP's name in the Agreement

Address: See HP's address in the Agreement

Contact person's name, position and contact details: Zoe McMahon, DPO, <https://www.hp.com/us-en/privacy/ww-privacy-form.html>

Activities relevant to the data transferred under these Clauses: Same as the Agreement

Signature and date: Same as the Agreement

Role (controller/processor): Processor

B. DESCRIPTION OF TRANSFER

Categories of data subjects whose personal data is transferred

See Attachment 1

Categories of personal data transferred

See Attachment 1.

Sensitive data transferred (if applicable) and applied restrictions or safeguards that fully take into consideration the nature of the data and the risks involved, such as for instance strict purpose limitation, access restrictions (including access only for staff having followed specialised training), keeping a record of access to the data, restrictions for onward transfers or additional security measures.

See attachment 1.

The frequency of the transfer (e.g. whether the data is transferred on a one-off or continuous basis).

See attachment 1.

Nature of the processing

See Attachment 1.

Purpose(s) of the data transfer and further processing

See attachment 1.

The period for which the personal data will be retained, or, if that is not possible, the criteria used to determine that period

See Agreement and DPA.

For transfers to (sub-) processors, also specify subject matter, nature and duration of the processing

Subject matter: See Agreement 1.

Nature: See Agreement 1.

Duration of the processing: As long as the contract is in effect.

C. COMPETENT SUPERVISORY AUTHORITY

Commission Nationale de l'informatique et des Libertés (CNIL)

ANNEX II

TECHNICAL AND ORGANISATIONAL MEASURES INCLUDING TECHNICAL AND ORGANISATIONAL MEASURES TO ENSURE THE SECURITY OF THE DATA

To protect Customer data, HP abides by a robust set of information security controls including policies, practices, procedures, and organizational structures to safeguard the confidentiality, integrity, and availability of its own and its customers' information (including Personal Data as defined in HP's Customer and Data Processing Addenda). The following sets forth an overview of HP's technical/organizational security measures throughout the company.

1. Security Policy

HP maintains globally applicable policies, standards, and procedures intended to protect HP and Customer data. The detail of HP's security policies is confidential to protect the integrity of HP's data and systems. However, summaries of our key policies are included below.

2. Information Security Organization

HP has an Information Security Organization responsible for directing and managing the organization's information security strategy and controls. An Information Security Framework/Management System is put in place to ensure compliance with HP's security policies and controls and confirm that the security requirements of its customers are complied with. This Framework is structured in alignment with the NIST Cybersecurity Framework and is reviewed annually.

3. Asset Management

HP has a process in place for identifying technical information assets, and through this process, HP identifies all assets under its responsibility and categorizes the critical assets. HP further maintains a set of documented handling procedures for each information classification type, including those assets that contain Personal Data. Handling procedures address storage, transmission, communication, access, logging, retention, destruction, disposal, incident management, and breach notification.

4. Access Control

The principle of least privilege is used for providing logical access control. User access is provided via a unique user ID and password. HP's password policy has defined complexity, strength, validity, and password-history related controls. Access rights are reviewed periodically and revoked upon personnel departure.

User account creation and deletion procedures, as have been mutually agreed upon, are implemented to grant and revoke access to client systems used during the engagement.

5. Personnel Training

HP employees must complete the Integrity at HP training designed to ensure that employees are familiar with the program, policies, and resources that govern HP's expectations for ethical behavior, excellence, and compliance. Integrity at HP features modules on security and data privacy, and employees also are required to take an annual "refresher" course. HP employees must also complete an annually refreshed dedicated security awareness training focused on essential security policies and emphasizing the employees' responsibilities related to incident management, data privacy, and information security.

6. Third Parties and Subcontractors

HP has processes in place to select sub-contractors that are able to comply with comprehensive contractual security requirements.

For applicable suppliers (suppliers that handle/store/transmit HP data and customer owned HP held data or have access to the HP network), HP Cybersecurity performs a risk assessment to verify the existence of an information security program. An adequate program must include physical, technical, and administrative safeguards. This assessment must be done before the supplier has access to HP information.

7. Systems Security

By policy, the development of systems and supporting software within HP follow a secure development methodology to ensure security throughout the system/software lifecycle. The Software Development

Lifecycle defines initiation, development/acquisition, implementation, operations, and disposal requirements. All system components, including modules, libraries, services, and discrete components, are evaluated to determine their impact on the overall system security state.

HP has defined controls for the protection of application service transactions. These controls include validating and verifying user credentials, mandating digital signatures and encryption, implementing secure communication protocols, storing online transaction details on servers within the appropriate network security zone.

Internal vulnerability scans are performed regularly.

8. Physical and Environmental Security

HP facilities are secured using various physical and electronic access controls and surveillance capabilities. Depending on the facility, this could include security guards, electronic access control, and closed-circuit television (CCTV).

All HP personnel are registered and are required to carry appropriate identification badges.

Facilities have required infrastructure support with temperature control and power backups where required, using UPS and/or diesel generators to support critical services.

9. Operations Management

HP has defined a minimum set of hardening requirements for technology infrastructure, including workstations, servers, and network equipment. Workstation/servers images contain pre-hardened operating systems. Hardening requirements vary depending on the type of operating system and applicable controls implemented.

HP has deployed Network Intrusion Detection/Prevention Systems (NIDS/ NIPS) within the network and are monitored and managed 24*7.

HP security policies and standards mandate secure disposal of media.

10. Cryptography

HP has defined a set of robust processes for cryptography to ensure the confidentiality, integrity, and availability of information assets. Approved protocols require encryption for certain assets, including those that contain personal data.

11. Information Security Incident Management

HP follows a developed Cyber Incident Management Process that addresses purpose, scope, roles, responsibilities, management commitment, organizational coordination, implementation procedures, and compliance checking. HP reviews and updates this process on an annual basis.

A Cyber Incident Response Team, which includes HP Cybersecurity personnel trained in incident response and crisis management, is assembled for regular table-top reviews of process and any incident or event.

12. Business Continuity Management

HP maintains a global Continuity of Operations program. This program takes a holistic, company-wide approach for end-to-end continuity through a set of collaborative, standardized, and internally documented planning processes.

HP periodically exercises its business continuity plans to ensure their effectiveness. HP currently tests and updates all plans at least yearly and ensures that people with a role in the business continuity plan are trained.

For transfers to (sub-) processors, also describe the specific technical and organisational measures to be taken by the (sub-) processor to be able to provide assistance to the controller and, for transfers from a processor to a sub-processor, to the data exporter

Sub-processors only process: name, business email address, business phone number, business address.

The purpose of transferring this data is to complete the contract.

For HP all of the above technical and organizational measures are flowed down to the sub-processors through the partner code of conduct and contract terms. Sub-processors are required to commit to following HP's requirements.

Attachment 4
INTERNATIONAL DATA TRANSFER AGREEMENT (IDTA) (UK)

Part 1: Tables

Table 1: Parties and signatures

Start date	Same as in the Agreement	
The Parties	Exporter (who sends the Restricted Transfer)	Importer (who receives the Restricted Transfer)

The Parties must agree a change under Section 5.3.</p>
Relevant Data Subjects	<p>The Data Subjects of the Transferred Data are:</p> <p><input checked="" type="checkbox"/> The categories of Data Subjects will update automatically if the information is updated in the Linked Agreement referred to.</p> <p><input type="checkbox"/> The categories of Data Subjects will not update automatically if the information is updated in the Linked Agreement referred to. The Parties must agree a change under Section 5.3.</p>

Purpose	<p><input type="checkbox"/> The Importer may Process the Transferred Data for the following purposes:</p> <p><input type="checkbox"/> The Importer may Process the Transferred Data for the purposes set out in the Agreement.</p> <p>In both cases, any other purposes which are compatible with the purposes set out above.</p> <p><input checked="" type="checkbox"/> The purposes will update automatically if the information is updated in the Linked Agreement referred to.</p> <p><input type="checkbox"/> The purposes will NOT update automatically if the information is updated in the Linked Agreement referred to. The Parties must agree a change under Section 5.3.</p>
----------------	---

Table 4: Security Requirements

Security of Transmission	<p>HP has defined controls for the protection of application service transactions. These controls include: validating and verifying user credentials, mandating digital signatures and encryption, implementing secure communication protocols, storing online transaction details on servers within the appropriate network security zone.</p>
Security of Storage	<p>HP's cybersecurity department/organization and HP's legal department maintain a set of documented handling procedures for each information classification type and work along with department in charge of Data Privacy for any pertinent matters. Handling procedures account for: storage, transmission, communication, access, logging, retention, destruction, disposal, incident management, and breach notification.</p> <p>HP Information Technology have a process in place for identifying technical information assets. HP identifies all assets under its responsibility, categorizing the critical assets. A record of information assets and systems that are both HP-owned and externally managed by service providers is maintained. Documented processes for server decommissioning, orphaned and legacy media are also implemented to ensure proper management and disposition of non-removable media.</p>
Security of Processing	<p>By policy, development of systems and supporting software within HP follow a secure development methodology to ensure security throughout the system/software lifecycle. The Software Development Lifecycle defines initiation, development/acquisition, implementation, operations, and disposal requirements. All system components, which include modules, libraries, services, and discrete components, are evaluated to determine their impact on the overall system security state.</p> <p>HP implements logging mechanisms for system applications and devices. HP has developed robust procedures for the installation, configuration, upgrade, testing, and security patching of operational software, including but not limited to email, office productivity suites, and Internet browsers.</p> <p>Internal vulnerability scans are performed both on a quarterly basis and after</p>

	any significant change.
Organisational security measures	<p>To protect its own as well as Customer Personal Data, HP has defined a minimum set of hardening requirements for technology infrastructure which includes workstations, servers and network equipment. Workstation / servers images contain pre-hardened operating systems. Hardening requirements vary depending on the type of operating system and applicable controls implemented.</p> <p>Systems with external connections will be protected by hardening and firewalls. Externally facing systems will be placed in a Demilitarized Zone (DMZ) or other similar configuration to protect internal HP systems. Critical network zones are logically isolated.</p> <p>Remote access to devices on the HP internal network, with the exception of the email system, requires the use of HP standard VPN solution. Network Intrusion Detection / Prevention Systems (NIDS/ NIPS) are placed in strategic locations within the network and are monitored and managed 24*7. All devices that have logging capabilities, such as operating systems, databases, applications, firewalls, routers and switches are required to be configured as per HP's logging and auditing standard.</p> <p>HP security policies and standards mandate secure disposal of media.</p>
Technical security minimum requirements	<p>Developers are required to follow the coding standards and testing guidelines defined for the system to comply with application security requirements. Source code is required to be secured in a manner that prevents unauthorized access. Preliminary testing is performed and non-production patch testing is scheduled. Post feedback from the non-production testing, implementation on production environment is scheduled and implemented.</p>
Updates to the Security Requirements	<p><input checked="" type="checkbox"/> The Security Requirements will update automatically if the information is updated in the Linked Agreement referred to.</p> <p><input type="checkbox"/> The Security Requirements will NOT update automatically if the information is updated in the Linked Agreement referred to. The Parties must agree a change under Section 5.3.</p>

Part 2: Extra Protection Clauses

Extra Protection Clauses:	
(i) Extra technical security protections	

(ii) Extra organisational protections	
(iii) Extra contractual protections	

Part 3: Commercial Clauses

Commercial Clauses	
--------------------	--

Part 4: Mandatory Clauses

Mandatory Clauses	Part 4: Mandatory Clauses of the Approved IDTA, being the template IDTA A.1.0 issued by the ICO and laid before Parliament in accordance with s119A of the Data Protection Act 2018 on 2 February 2022, as it is revised under Section 5.4 of those Mandatory Clauses.
-------------------	--

Attachment 5

STANDARD CONTRACT CLAUSES (Argentina)

In accordance with the provisions of clause 6.3.1 of the Data Processing Addendum, Customer Personal Data originally collected in the Argentine Republic may be transferred, if required in connection with the services, to third countries.

If the transfer mentioned in the preceding paragraph implies transfer of Customer Personal Data to countries that are not considered as countries that provide adequate levels of protection by applicable Data Protection and Privacy Laws in Argentina, the EU Standard Contractual Clauses included in Attachment 2, with the modifications set forth below, shall be applicable to transfer.

1. Clause 1, items (a), (c) and (e) shall be replaced as follows:

- (a) *'personal data', sensitive data', 'process/processing', 'controller', 'processor', 'data subject' and 'supervisory authority'* shall have the same meaning as set forth in the Argentine Data Protection Law No. 25.326, its regulatory Decree No. 1558/2001, and their complementary regulations (as amended or replaced from time to time);
- (c) *"the data importer"* means the service provider located outside of Argentina that receives the personal data from the data exporter for the processing in accordance with the terms of this agreement;
- (e) *'the applicable data protection law'* means the Argentine Data Protection Law No. 25,326 and its supporting regulations (as amended or replaced from time to time).

2. Clause 4, item (f) shall be replaced as follows:

- (f) that the data subject has been informed or will be informed before, or as soon as possible after, the transfer that its data could be transmitted to a third country not providing adequate protection within the meaning of the Argentine Data Protection Law 25,326 and its supporting regulations (as amended or replaced from time to time).

3. Clause 7, subsection 1, item (b) shall be replaced as follows:

- (b) to refer the dispute to the judicial and administrative jurisdiction of the Argentine Republic.

4. Clause 9 shall be replaced as follows:

This agreement shall be governed by the laws of the Argentine Republic, in particular by the Law No. 25,326, its regulations and dispositions issued by the Argentine Data Protection Authority (as amended or replaced from time to time),

Attachment 6

Standard Contract for Personal Information Cross-Border Transfer

In order to ensure that the activities of PI Processor and Overseas Recipient meet the PI protection standards under the Relevant Laws and Regulations of the PRC and specify the PI protection related rights and obligations of PI Processor and Overseas Recipient, the Parties have mutually agreed to enter into this Contract.

PI Processor: see in the Agreement
Address: see in the Agreement
Contact Method: see in the Agreement
Contact Person: see in the Agreement
Title: see in the Agreement

Overseas Recipient: see in the Agreement
Address: see in the Agreement
Contact Method: see in the Agreement
Contact Person: see in the Agreement
Title: see in the Agreement

PI Processor and Overseas Recipient will conduct the outbound transfer of PI in accordance with this Contract, and the Parties have entered into an Agreement as of date stated therein to govern the commercial activities related thereto.

The main body of this Contract is formulated in accordance with the requirements of the Measures on the Standard Contract for Personal Information Cross-Border Transfer, and any other contractual provisions, if any, as agreed between the Parties, can be specified in Annex II, which shall be deemed part of this Contract, if they do not conflict with the main body of this Contract.

Article I - Definitions

In this Contract, unless otherwise provided herein:

1. "PI Processor" refers to an entity or individual in PI processing activities that independently decides the purpose and method of the PI processing activities and transfers PI outside of the PRC.
2. "Overseas Recipient" refers to an entity or individual outside of the PRC that receives the PI from PI Processor.
3. PI Processor or Overseas Recipient are referred to individually as a "Party", and collectively as the "Parties".
4. "PI Subject" refers to a natural person identified by or associated with the PI.
5. "PI" refers to all kinds of information, recorded electronically or otherwise, related to identified or identifiable natural persons, but excluding anonymized information.
6. "Sensitive PI" refers to the PI that, once leaked or illegally used, may damage the personal dignity or endanger the personal or property safety of a natural person, including biometric recognition, religious belief, specific identity, medical health, financial account, personal whereabouts, etc., and the PI of minors under the age of 14.
7. "Regulatory Authority" refers to the cyberspace administration of the PRC at the provincial level or above.
8. "Relevant Laws and Regulations" refer to the PRC Cybersecurity Law, the PRC Data Security Law, the PRC Personal Information Protection Law, the PRC Civil Code, the PRC Civil Procedure Law, the Measures on the Standard Contract for Outbound Transfer of PI, and other PRC laws and regulations.
9. The terms not defined in this Contract have the same meanings as defined under the Relevant Laws and

Regulations.

Article 2 – Obligations of PI Processor

PI Processor shall perform the following obligations:

1. process PI in accordance with the Relevant Laws and Regulations, and limit the PI to be transferred abroad to the minimum scope required for the purpose of processing.
 2. inform the PI Subject of the name and contact information of Overseas Recipient, the purpose and method of processing, type of PI and retention periods as specified in Annex I – Details of the Outbound Transfer of PI, the methods and procedures for PI Subject to exercise his/her rights, and etc.; in case of an outbound transfer of Sensitive PI, inform the PI Subject of the necessity of the outbound transfer of Sensitive PI and the impact on the rights and interests of the PI Subject; provided in each case that such obligation can be exempted by the laws and administrative regulations.
 3. obtain a separate consent of PI Subject if the PI is transferred abroad based on the consent of the individual; or, if the PI of a minor under the age of 14 is involved, obtain a separate consent of the minor's parents or other guardians. The consent shall be in a written form if so required by the laws and administrative regulations.
 4. inform PI Subject that PI Processor and Overseas Recipient have agreed that the PI Subject will be a third-party beneficiary under this Contract, and if the PI Subject does not expressly object within 30 days, the PI Subject shall be entitled to the rights of a third-party beneficiary in accordance with this Contract.
 5. make reasonable efforts to ensure that Overseas Recipient takes the following technical and managerial measures (comprehensively considering potential PI security risks that may arise from the purpose of PI processing, the type, scale, scope and sensitivity of the PI, the volume and frequency of the PI transfer, the PI transmission, the period of retention by Overseas Recipient, and etc.) to perform its obligations under this Contract: see Annex III.
 6. provide copies of the relevant laws and technical standards to Overseas Recipient upon the request of Overseas Recipient.
 7. respond to inquiries from the Regulatory Authority about Overseas Recipient's processing activities.
 8. conduct a PI protection impact assessment on the proposed transfer of PI to Overseas Recipient in accordance with the Relevant Laws and Regulations. The assessment shall focus on the following matters:
 - (1) the legitimacy, justifiability and necessity of the purpose, scope and method of PI processing by PI processor and Overseas Recipient;
 - (2) the scale, scope, types and sensitivity of the PI to be transferred abroad, and the risks to PI rights and interests that may arise from the cross-border transfer of PI;
 - (3) the obligations to be undertaken by Overseas Recipient, and whether the management and technical measures and capabilities for performance of the obligations can ensure the security of the PI to be transferred abroad;
 - (4) the risks of the PI being tampered with, destroyed, leaked, lost or illegally used after its transfer abroad, and whether the channels for safeguarding the PI rights and interests are smooth;
 - (5) the impact of the PI protection policies and regulations of the country or region where Overseas Recipient is located on the performance of contract; and
 - (6) other matters that may affect the security of cross-border transfer of PI.
- The PI protection impact assessment report shall be kept for at least three years.
9. provide a copy of this Contract to PI Subject upon the request of PI Subject. If trade secrets or confidential business information are involved, the relevant contents of the copy of this Contract can be handled appropriately to the extent not affecting PI Subject's understanding of this Contract.
 10. assume the burden of proof on the performance of obligations under this Contract.
 11. in accordance with the Relevant Laws and Regulations, provide the Regulatory Authority with all the information under Article 3(11), including all the compliance audit results.

Article 3 – Obligations of Overseas Recipient

Overseas Recipient shall perform the following obligations:

1. process the PI in accordance with Annex I – Details of the Outbound Transfer of PI. If Overseas Recipient processes the PI in a manner that is beyond the purpose and method of PI processing and/or the type of PI as agreed, a separate consent of PI Subject shall be obtained if the PI is transferred abroad based on the consent of the individual; if the PI of a minor under the age of 14 is involved, a separate consent of the minor's parents or other guardians shall be obtained.
2. If entrusted by PI Processor to process PI, process the PI in accordance with the agreement with PI Processor and not process the PI in a manner that is beyond the purpose or method of the PI processing as agreed with PI processor.
3. provide a copy of this Contract to PI Subject upon the request of PI Subject. If trade secrets or confidential business information are involved, the relevant contents of the copy of this Contract can be handled appropriately to the extent not affecting the PI Subject's understanding of this Contract.
4. process the PI in a manner that has the least impact on the rights and interests of PI Subject.
5. ensure that the retention period of PI is the minimum period necessary for achieving the purpose of PI processing. Delete the PI (including all back-up copies) upon expiry of the retention period. Where Overseas Recipient is entrusted by PI Processor to process PI and the entrustment agreement does not take effect, becomes null and void, or is cancelled or terminated, the PI being processed shall be returned to PI Processor or shall be deleted, and a written statement shall be provided to PI Processor. If it is technically difficult to delete the PI, all processing of the PI shall be ceased, other than storing the PI and taking necessary security measures.
6. ensure the security of PI processing in accordance with the following:
 - (i) take technical and managerial measures including but not limited to those listed in Article 2(5) of this Contract, and conduct periodic inspections to ensure the security of PI; and
 - (ii) ensure that the personnel authorized to process PI perform their confidentiality obligations, and establish access controls based on the minimum authorization principle.
7. In the event that PI is or may be tampered with, destroyed, leaked, lost, illegally used, provided or accessed without authorization, Overseas Recipient shall:
 - (i) promptly take appropriate remedial measure to mitigate the adverse impact on PI Subject;
 - (ii) immediately notify PI Processor, and report to the Regulatory Authority in accordance with the Relevant Laws and Regulations. The notice shall contain the following contents:
 - a. the type of PI being or likely to be tampered with, destroyed, leaked, lost, illegally used, provided or accessed without authorization, the reasons and potential harm of such incident;
 - b. the remedial measures that have been taken;
 - c. the measures that can be taken by PI Subject to mitigate the harm; and
 - d. the contact information of the person or team responsible for handling the relevant incident.
 - (iii) where the Relevant Laws and Regulations require a notification to PI Subject, the contents of the notice shall include those under Article 3(7)(ii) above; if Overseas Recipient is entrusted by PI Processor to process PI, the notice shall be sent by PI Processor to PI Subject;
 - (iv) record and archive all the circumstances related to the occurrence or likely occurrence of tampering, destruction, leakage, loss, illegal use, unauthorized provision or access, including all remedial measures taken.
8. Overseas Recipient may provide PI to a third party located outside of the PRC only if all of the following requirements are met:
 - (i) it is indeed necessary for business purposes;
 - (ii) unless otherwise provided under the laws and administrative regulations, PI Subject has been informed of the name and contact information of the third party, and the purpose and method of

PI processing, the type of PI, retention periods, and the methods and procedures for PI Subject to exercise his/her rights; if Sensitive PI will be transferred to such third party, PI Subject shall also be informed of the necessity for the outbound transfer of Sensitive PI and the impact on the rights and interests of PI Subject;

(iii) if the processing of PI is based on the consent of PI Subject, a separate consent of PI Subject shall be obtained; or, if the PI of a minor under the age of 14 is involved, a separate consent of the minor's parents or other guardians shall be obtained. The consent shall be in a written form if so required by laws and administrative regulations;

(iv) it has entered into a written agreement with the third party to ensure that the processing of PI by the third party meets the standards for protection of PI required by the Relevant Laws and Regulations, and Overseas Recipient will be liable for the infringement of PI Subject's rights due to the provision of PI to such third party;

(v) it will provide a copy of the above-mentioned agreement with the third party to PI Subject upon the request of PI Subject. If trade secrets or confidential business information are involved, the relevant contents of the copy of such agreement can be handled appropriately to the extent not affecting PI Subject's understanding of such agreement.

9. If Overseas Recipient is entrusted by PI Processor to process PI, and Overseas Recipient intends to sub-contract the processing to a third party, Overseas Recipient shall obtain the consent of PI Processor in advance, ensure that the sub-contractor will not process PI in a manner that is beyond the purpose and method of the processing as specified in Annex – Details of the Outbound Transfer of PI, and monitor the PI processing activities of the third party.

10. When making use of PI for automated decision-making, Overseas Recipient shall ensure the transparency of decision-making and fair and impartial results, and shall not carry out unreasonable or differentiated treatment of PI Subject in terms of transaction conditions, such as transaction price. Where automated decision-making is used for information pushing and/or commercial marketing to PI Subject, Overseas Recipient shall also provide PI Subject with options that are not tailored to personal characteristics, or provide a convenient way for PI Subject to opt out.

11. Overseas Recipient shall undertake to provide PI Processor with all necessary information required to comply with the obligations under this Contract, shall allow PI Processor to review the necessary data documents and files, or shall allow PI processor to conduct a compliance audit of the processing activities under this Contract and shall provide facilitation for the compliance audit conducted by the PI Processor.

12. Overseas Recipient shall maintain an objective record of the PI processing activities, keep such records for at least 3 years and provide the relevant records and documents to the Regulatory Authority directly or through PI Processor in accordance with the Relevant Laws and Regulations.

13. Overseas Recipient agrees to accept the supervision and regulation by the Regulatory Authority during the course of its supervision of the implementation of this Contract, including but not limited to responding to inquiries, and cooperating with inspections, by the Regulatory Authority, abiding by the actions taken or decisions made by the Regulatory Authority, and providing written evidence that necessary actions have been taken, etc.

Article 4 - Impact of PI Protection Policies and Regulations in the Overseas Recipient's Country or Region on the Performance of Contract

1. The Parties warrant that they have exercised reasonable care when entering into this Contract and are not aware of PI protection policies and regulations in the Overseas Recipient's country or region (including any requirements on providing PI or authorizing public authorities to access PI) that would impact Overseas Recipient's performance of its obligations under this Contract.

2. The Parties represent that, when making the warranties under Article 4(1), they have conducted an assessment in light of the following circumstances:

(i) the specific circumstances of the outbound transfer, including the purpose of PI processing, the

type, scale, scope and sensitivity of the PI, the volume and frequency of the PI transfer, the PI transmission, the period of retention by Overseas Recipient, the previous experience of Overseas Recipient with respect to similar outbound transfer and processing of PI, whether any PI security incident has occurred to Overseas Recipient and whether such incident was timely and effectively handled, whether Overseas Recipient has received any request to provide PI to the public authorities of the country or region where it is located and how Overseas Recipient responded to such request; (ii) the PI protection policies and regulations of the country or region where Overseas Recipient is located, including the following factors:

- a. the currently effective PI protection laws, regulations and generally applicable standards of the country or region;
- b. the regional or global PI protection organizations that the country or region accedes to, and binding international commitments made by the country or region; and
- c. the mechanisms for PI protection implemented in the country or region, e.g. whether the supervision and enforcement authorities and relevant judicial authorities are capable of protecting PI.

(iii) Overseas Recipient's security management rules and technical capabilities.

3. Overseas Recipient warrants that it has used its best efforts to provide PI Processor with the necessary relevant information for the assessment under Article 4(2).

4. The Parties shall keep a record of the process and results of the assessment carried out under Article 4(2).

5. Where Overseas Recipient is unable to perform this Contract due to any change in the PI protection policies and regulations of the country or region where Overseas Recipient is located (including an amendment to laws in such country or region, or imposition of mandatory measures), Overseas Recipient shall notify PI Processor immediately after becoming aware of such change.

6. If Overseas Recipient is requested by a governmental authority or judicial authority in the country or region where Overseas Recipient is located to provide PI under this Contract, it shall promptly notify PI Processor.

Article 5 - Rights of PI Subject

The Parties agree that PI Subject shall be entitled to the following rights as a third-party beneficiary under this Contract:

1. PI Subject, in accordance with the Relevant Laws and Regulations, has the right to know and the right to make decisions concerning the processing of his/her PI, has the right to restrict or refuse the processing of his/her PI by others, has the right to review, duplicate, correct, supplement or delete his/her PI, and has the right to request others to explain the rules for the processing of his/her PI.

2. When PI Subject requests to exercise the above-mentioned rights regarding his/her PI that has been transferred abroad, PI Subject may request PI Processor or directly request Overseas Recipient to take appropriate measures to realize such rights. If PI Processor is unable to realize those rights, it shall notify Overseas Recipient and request Overseas Recipient to assist.

3. Overseas Recipient shall, in accordance with PI Processor's notice or PI Subject's request, cause the realization of the rights to which PI Subject is entitled within a reasonable time period and in accordance with the Relevant Laws and Regulations.

Overseas Recipient shall inform PI Subject of the relevant information in a conspicuous, true, accurate and complete manner, and in clear and understandable language.

4. If Overseas Recipient refuses PI Subject's request, it shall inform PI Subject of the reasons for the refusal, and how PI Subject can raise complaints to the Regulatory Authority and seek judicial remedies.

5. PI Subject is a third-party beneficiary to this Contract, and has the right to claim against one or both of PI Processor and Overseas Recipient in accordance with this Contract and require them to perform the following clauses under this Contract relating to the rights of PI Subject:

- (i) Article 2, except for Articles 2(5), 2(6), 2(7) and 2(11);
- (ii) Article 3, except for Articles 3(7)(ii) and 3(7)(iv), 3(9), 3(11), 3(12) and 3(13);
- (iii) Article 4, except for Articles 4(5) and 4(6);
- (iv) Article 5;
- (v) Article 6;
- (vi) Article 8(2) and 8(3); and
- (vii) Article 9(5).

The provisions agreed above shall not affect the rights and interests of PI Subject under the PRC Personal Information Protection Law.

Article 6 - Remedies

1. Overseas Recipient shall identify a contact person who is authorized to respond to inquiries or complaints concerning the processing of PI, and shall promptly handle such inquiries or complaints raised by PI Subject. Overseas Recipient shall notify PI Processor of the contact information of such contact person and shall, by separate notice or announcement on its website in an easy-to-understand manner, inform PI Subject of the contact information of such contact person. [The specific language shall be:] Contact person and contact information (office phone number or email address).
2. If a dispute arises between a Party and PI Subject with respect to the performance of this Contract, such Party shall notify the other Party and the Parties shall cooperate to resolve the dispute.
3. If the dispute cannot be resolved through friendly corporation and PI Subject exercises the rights as a third-party beneficiary in accordance with Article 5, Overseas Recipient shall accept that PI Subject may choose from of the following:
 - (i) making a complaint to the Regulatory Authority,
 - (ii) bringing a lawsuit to the court specified under Article 6(5).
4. The Parties agree that when PI Subject exercises the rights as a third-party beneficiary with respect to a dispute under this Contract, if PI Subject chooses to apply the Relevant Laws and Regulations of the PRC, such choice shall prevail.
5. The Parties agree that when PI Subject exercises the rights as a third-party beneficiary with respect to a dispute under this Contract, PI Subject may file a lawsuit with a competent court in accordance with the PRC Civil Procedure Law.
6. The Parties agrees that the choices made by PI Subject to safeguard his/her rights is without prejudice to PI Subject's rights to seek remedies in accordance with other laws and regulations.

Article 7 - Termination of the Contract

1. If Overseas Recipient breaches the obligations under this Contract or Overseas Recipient is unable to perform this Contract due to a change in the PI protection policies and regulations of the country or region where Overseas Recipient is located (including an amendment to laws in such country or region, or imposition of mandatory measures), PI Processor may suspend the provision of PI to Overseas Recipient until the breach is rectified or the Contract is terminated.
2. Under any one of the following circumstances, PI Processor shall be entitled to terminate this Contract and notify the Regulatory Authority where necessary:
 - (i) PI Processor has suspended the provision of PI to Overseas Recipient in accordance with Article 7(1) for more than one month;
 - (ii) Overseas Recipient's compliance with this Contract will violate the laws and regulations of its own country or region;
 - (iii) Overseas Recipient seriously or continuously breaches the obligations under this Contract;
 - (iv) Overseas Recipient or PI Processor has been determined to have breached this Contract pursuant to a final decision of a competent court or the regulatory body supervising Overseas

Recipient; or Overseas Recipient may also terminate this Contract in case of sub-paragraph (i), (ii) or (iv) of above.

3. This Contract may be terminated upon mutual agreement by the Parties, provided that such termination shall not exempt the Parties from the obligations of protecting PI during the processing of the PI.

4. If the Contract is terminated, Overseas Recipient shall promptly return or delete the PI (including all back-up copies) received hereunder and provide PI Processor with a written statement. If it is technically difficult to delete the PI, other than storing and taking necessary security protection measures, all processing of the PI shall be ceased.

Article 8 - Liability for Breach of the Contract

1. Each Party shall be liable for any damages as a result of its breach of this Contract suffered by the other Party.

2. Each Party shall bear civil liabilities to PI Subject if its breach of this Contract infringes on the rights of PI Subject, without prejudice to the administrative, criminal or other legal liabilities that shall be assumed by PI Processor under the Relevant Laws and Regulations.

3. If the Parties shall assume joint and several liabilities in accordance with the law, PI Subject shall have the right to request each Party or both of the Parties to assume liabilities. When the liability assumed by one Party exceeds the liability such Party shall be assumed, such Party shall have the right to claim against the other Party accordingly.

Article 9 - Miscellaneous

1. If this Contract conflicts with any other legal documents between the Parties, this Contract shall prevail.

2. The formation, validity, performance and interpretation of this Contract and any dispute between the Parties arising from this Contract shall be governed by the Relevant Laws and Regulations.

3. All notices shall be promptly transmitted or sent by e-mails, cable, telex, facsimile (a confirmation copy shall be sent by airmail), or registered airmails to [address of the Parties respectively] or such other addresses designated by a written notice). The notice under this Contract sent by registered airmail shall be deemed to have been received [*] days after its postmark-date, and [*] working days after it is sent via e-mail, cable, telex or facsimile.

4. For any dispute arising from this Contract between the Parties, and any claim by either Party against the other for recovery of payment for the infringement on PI Subject, the Parties shall resolve such dispute or claim through negotiation; if such negotiation fails, either Party may adopt any of the following methods to resolve the dispute (check the box for the chosen arbitration institution if the Parties choose arbitration):

(i) Arbitration. The dispute shall be submitted to:

- China International Economic and Trade Arbitration Commission
- China Maritime Arbitration Commission
- Beijing Arbitration Commission (Beijing International Arbitration Center)
- Shanghai International Arbitration Center
- Other arbitration institutions that are members of the Convention on the Recognition and Enforcement of Foreign Arbitral Awards

The arbitration shall be conducted in [venue] in accordance with its arbitration rules then in force.

(ii) Litigation. The dispute shall be submitted to a competent PRC people's court in accordance with law.

5. This Contract shall be interpreted in accordance with the Relevant Laws and Regulations and shall not be interpreted in a manner inconsistent with the rights and obligations set forth in the Relevant Laws and Regulations.

6. This Contract shall be executed in [*] originals, and each Party shall hold [*] original(s) respectively, and all of which shall have equal legal effect. This contract is signed in [*].

PI Processor: see in Agreement

Date: see in Agreement

Overseas Recipient: see in Agreement

Date: see in Agreement

Annex I

Details of the Outbound Transfer of PI

Details of the cross-border transfer of personal information under this Contract are agreed upon as follows:

- (1) The personal information to be transferred belongs to the following categories of personal information subjects:
- (2) The transfer is for the following purposes:
- (3) Volume of personal information to be transferred:
- (4) Categories of personal information to be transferred abroad (refer to GB/T 35273 *Information security technology - Personal information security specification* and relevant standards):
- (5) Categories of sensitive personal information to be transferred abroad (if applicable, refer to GB/T 35273 *Information security technology - Personal information security specification* and relevant standards):
- (6) The personal information to be transferred by the overseas recipient shall only be provided to the following recipients:
- (7) Method of transfer:
- (8) Storage period after cross-border transfer:
- (9) Storage location after cross-border transfer:
- (10) Other matters (as appropriate):

Annex II

Other Terms Agreed Upon By the Parties (If necessary)

Annex III

Technical and organizational measures

1. Organization

HP has an Information Security Organization responsible for directing and managing the organization's information security strategy and controls. An Information Security Framework/Management System is put in place to ensure compliance with HP's security policies and controls and confirm that the security requirements of its customers are complied with. This Framework is structured in alignment with the NIST Cybersecurity Framework and is reviewed annually.

2. Asset Management

HP has a process in place for identifying technical information assets, and through this process, HP identifies all assets under its responsibility and categorizes the critical assets. HP further maintains a set of documented handling procedures for each information classification type, including those assets that contain Personal Data. Handling procedures address storage, transmission, communication, access, logging, retention, destruction, disposal, incident management, and breach notification.

3. Access Control

The principle of least privilege is used for providing logical access control. User access is provided via a unique user ID and password. HP's password policy has defined complexity, strength, validity, and password-history related controls. Access rights are reviewed periodically and revoked upon personnel departure.

User account creation and deletion procedures, as have been mutually agreed upon, are implemented to grant and revoke access to client systems used during the engagement.

4. Personnel Training

HP employees must complete the Integrity at HP training designed to ensure that employees are familiar with the program, policies, and resources that govern HP's expectations for ethical behavior, excellence, and compliance. Integrity at HP features modules on security and data privacy, and employees also are required to take an annual "refresher" course. HP employees must also complete an annually refreshed dedicated security awareness training focused on essential security policies and emphasizing the employees' responsibilities related to incident management, data privacy, and information security.

5. Third Parties and Subcontractors

HP has processes in place to select sub-contractors that are able to comply with comprehensive contractual security requirements.

For applicable suppliers (suppliers that handle/store/transmit HP data and customer owned HP held data or have access to the HP network), HP Cybersecurity performs a risk assessment to verify the existence of an information security program. An adequate program must include physical, technical, and administrative safeguards. This assessment must be done before the supplier has access to HP information.

6. Systems Security

By policy, the development of systems and supporting software within HP follow a secure

development methodology to ensure security throughout the system/software lifecycle. The Software Development Lifecycle defines initiation, development/acquisition, implementation, operations, and disposal requirements. All system components, including modules, libraries, services, and discrete components, are evaluated to determine their impact on the overall system security state.

HP has defined controls for the protection of application service transactions. These controls include validating and verifying user credentials, mandating digital signatures and encryption, implementing secure communication protocols, storing online transaction details on servers within the appropriate network security zone.

Internal vulnerability scans are performed regularly.

7. Physical and Environmental Security

HP facilities are secured using various physical and electronic access controls and surveillance capabilities. Depending on the facility, this could include security guards, electronic access control, and closed-circuit television (CCTV).

All HP personnel are registered and are required to carry appropriate identification badges.

Facilities have required infrastructure support with temperature control and power backups where required, using UPS and/or diesel generators to support critical services.

8. Operations Management

HP has defined a minimum set of hardening requirements for technology infrastructure, including workstations, servers, and network equipment. Workstation/servers images contain pre-hardened operating systems. Hardening requirements vary depending on the type of operating system and applicable controls implemented.

HP has deployed Network Intrusion Detection/Prevention Systems (NIDS/ NIPS) within the network and are monitored and managed 24*7.

HP security policies and standards mandate secure disposal of media.

9. Cryptography

HP has defined a set of robust processes for cryptography to ensure the confidentiality, integrity, and availability of information assets. Approved protocols require encryption for certain assets, including those that contain personal data.

10. Information Security Incident Management

HP follows a developed Cyber Incident Management Process that addresses purpose, scope, roles, responsibilities, management commitment, organizational coordination, implementation procedures, and compliance checking. HP reviews and updates this process on an annual basis.

A Cyber Incident Response Team, which includes HP Cybersecurity personnel trained in incident response and crisis management, is assembled for regular table-top reviews of process and any incident or event.

12. Business Continuity Management

HP maintains a global Continuity of Operations program. This program takes a holistic, company-wide approach for end-to-end continuity through a set of collaborative, standardized, and internally documented planning processes.

HP periodically exercises its business continuity plans to ensure their effectiveness. HP currently tests and updates all plans at least yearly and ensures that people with a role in the business continuity plan are trained.
