The ThinkJet Personal Printer
A Personal Printer for your Personal Computer

Gets Along With Everyone

Quiet, compact, efficient...Hewlett-Packard's ThinkJet Printer is the ideal personal printer for any personal computer. IBM,® Apple,® COMPAQ®...the ThinkJet Printer is compatible with just about any major personal computer. The ThinkJet Printer knows how to get along with Macintosh, the Apple IIc, and PCjr. It runs on popular Macintosh software packages like MacPAINT® and MacWRITE.®* The ThinkJet Printer also works with popular Apple IIc programs like AppleWorks, Bank Street WRITER,™ and DOLLARS AND $ENSE,™ plus PCjr. software like the IBM Assistant Series, 1-2-3™ from Lotus,™ and MANAGING YOUR MONEY.™

But don't forget the IBM PC, Apple IIe and Apple II +. The ThinkJet Printer works with them too! And, as you might expect, the ThinkJet Printer was made to work with Hewlett-Packard's own personal and portable computers and terminals, plus HP's advanced calculators.

★ See "ThinkJet Personal Printer Facts" in this brochure.

It Whispers While You Work

So you can think while it prints. The ThinkJet Printer prints so quietly you can work or talk on the phone while it's working. Using exclusive Hewlett-Packard technology, ink is sprayed through the print head onto the paper. Since the print head never touches the paper, there's no wear on the head. And all you hear is the quiet whisper of the print head moving back and forth.

No messy ribbon or spilled ink. The whole print mechanism is contained in a small, disposable cartridge that simply snaps into place. And each time you change the cartridge you're replacing the print head too, assuring about 500 more pages of consistently clean, crisp characters in a variety of character sizes.

The ThinkJet Printer prints graphics with the same speed and silence it prints text. Words can't always express everything you need to say. So the ThinkJet Printer helps you to paint your ideas on the page.

Jet Through Your Text

Fast and bold. With the ThinkJet Printer you get both speed and quality. At 150 characters per second, you get more than one page per minute. And it's just as fast even if you print it in boldface type.

Your Small, Silent Partner

Quiet and compact. Yet for all its high-speed performance and quiet printing the ThinkJet Printer weighs less than 7 pounds, and takes up about as much desk space as a sheet of typing paper. That makes it the perfect partner for your personal computer at home or in the office. You can even use the battery-powered version on the road without disturbing fellow travelers.

Battery-powered and transportable. The ThinkJet Printer also comes in a battery-powered version with an HP-IL interface. So you can use it on the road with The PORTABLE from Hewlett-Packard. Or you can connect it to HP-41 advanced calculators and HP-71 and HP-75 handheld computers.

See ThinkJet For Yourself

Seeing is believing, and so is hearing. Hear how quietly the ThinkJet Printer prints. See its compact size and high print quality. Ask your authorized Hewlett-Packard dealer or sales representative for a demonstration.

The ThinkJet Personal Printer Facts

Print Method	Ink-jet dot matrix
Speed	150 characters per second (bidirectional, logic-seeking)
Buffer Size	1 K byte

Interfaces and Power Sources		
	HP-IB (HP 2225A)	AC line power
	HP-IL (HP 2225B)	DC battery power
	Centronics-type parallel (HP 2225C)	AC line power
	RS-232-C-type serial (HP 2225D)	AC line power

Noise	Less than 50 dB (sound pressure)

Size		
Width	11.5 inches	29.2 cm
Depth	8.1 inches	20.6 cm
Height	3.5 inches	8.9 cm
Footprint	93.2 sq. in.	601.5 sq. cm.
Weight	less than 7 lbs.	less than 3.15 kg

Resolution		
Graphics	96 x 96 dots/inch or 192 x 96 dots/inch	
Text	11 x 12 character cell matrix	

Print Pitches	characters/inch	/line
Normal	12.0	80
Expanded	6.0	40
Compressed	21.3	142
Expanded/compressed	10.7	71

Print Modes	Boldface, underline
Character Sets	HPRoman8 (supports Danish, Dutch, English, Finnish, French, German, Norwegian, Portuguese, Spanish, and Swedish)
	7-bit ISO character sets (HP 2225C and HP 2225D): French, German, Spanish, Swedish/Finnish, United Kingdom, USASCII
	IBM 8 subset (comprised of alphanumeric characters only)
Paper Feed	Pin feed for fanfold paper, friction feed for single sheets.
Paper Size	8.5 x 11-inch; 21.0 x 29.7 cm (A4 size)
Software/ Hardware Compatibility	Macintosh (MacPAINT and MacWRITE): requires software driver HP part number, HP 35177M.
	IBM Graphics Printer Programs and Epson MX80 Graphics Programs: Ask your HP Dealer or HP Sales Representative for information.
